

PROGRAM IN PUBLIC HEALTH MEDICINE

Leading to a Dual MD/MPH Degree

Public Health Practice Major

2014-2015 Student Guidebook

UNIVERSITY
OF MINNESOTA

**School of
Public Health**

Welcome to the University of Minnesota School of Public Health!

All students are responsible for knowing the rules and policies that govern their academic program. To this end, we are providing you with this guidebook which covers your specific academic program requirements. Please refer to it often.

Many Graduate School processes are in transition. Please stay in touch with your Program Coordinator as some paper processes will convert to electronic processes.

In addition, you are responsible for knowing University of Minnesota and School of Public Health policies and procedures that pertain to all students. Links to these policies and procedures can be found by clicking on the "Current Students" link at <http://www.sph.umn.edu/current/resources/>.

The University of Minnesota is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, national origin, sex, age, marital status, disability, public assistance status, veteran status, or sexual orientation.

This publication can be made available in alternative formats for people with disabilities. Direct requests to the Office of Admissions and Student Resources, School of Public Health, MMC 819 Mayo, 420 Delaware Street SE, Minneapolis, MN 55455; 612.626-3500 or 800.774.8636.

University of Minnesota Calendar 2014-2015

The official University Calendar can be found at onestop.umn.edu.

Fall Semester 2014

August	20-22	Equivalency Exams
	28	SPH New Student Orientation
	29	New PhD Student Reception
September	1	Labor Day holiday – University closed
	2	Classes begin
November	11	Registration for Spring Semester 2015 begins
	27-28	Thanksgiving holiday – University closed
December	10	Last day of instruction
	12-13, 15-18	Final examinations
	18	End of Fall semester
	25-26	University Closed
	21	Grades due

Spring Semester 2015

January	14-16	Equivalency Exams
	19	Martin Luther King holiday – University closed
	20	Classes begin
March	16-20	Spring break – no classes
May	8	Last day of instruction
	11-16	Final examinations
	16	End of Spring Semester
	19	Grades due
	26	May Intersession begins

1. THE SCHOOL OF PUBLIC HEALTH

1.1 About the School

The mission of the School of Public Health is to preserve and enhance the health of the public through education, research, and service programs designed to discover and transmit new knowledge aimed at the prevention of disease and disability, the improvement of health, and the planning, analysis, management, evaluation, and improvement of systems for the delivery of health services.

Our school was founded in 1944, although public health courses have been offered at the University of Minnesota since its inception. We consistently rank among the top schools of public health in the country.

Through our education, research, and community outreach, we focus on improving the health of populations. We emphasize prevention of illness and injury, and we look at health through a multi-faceted prism that includes physiology, the environment, communities, economics, and public policy.

This interdisciplinary approach allows us to collaborate with many other schools throughout the University, including the College of Veterinary Medicine, the School of Dentistry, the College of Pharmacy, the Medical School, the H. Humphrey School of Public Affairs, the Carlson School of Management, School of Social Work, and Law School. By combining our expertise, we can explore innovative, far-reaching ways of maintaining and improving the health of the people in Minnesota and throughout the country and world.

Notable accomplishments:

- Invented K Rations.
- Improved the recovery of World War II survivors through the Minnesota Starvation Study (1944).
- Established the connection between diet and heart disease in the Seven Countries Study (1967).
- Established the first U.S. Ph.D. program in epidemiology (1958).
- Conducts one of the largest HIV/AIDS studies in the world, involving 120 countries.
- Trains the majority of the public health workforce in the Upper Midwest.
- Was the first school of public health in the country to require a course in ethics.

Academic Health Center (AHC)

The School of Public Health is one of the six schools and colleges that make up the Academic Health Center at the University of Minnesota. The others include the disciplines of medicine, dentistry, nursing, pharmacy, and veterinary medicine. Strong interdisciplinary centers and programs in bioethics, cancer, genomics, infectious disease, drug design, food safety, and spirituality and healing augment the broad range of professional health education and research efforts.

1.2 School of Public Health Office of Admissions and Student Resources

Office Hours (Fall and Spring Terms)

Monday – Friday, 7:45 AM - 4:30 PM

Office Hours (Summer)

Monday – Friday, 7:45 AM – 4:30 PM

Closed every day from 12:00 PM – 1:00 PM

Location

Mayo Memorial Building, Room A395

Telephone

612.626.3500 or 800.774.8636

Fax

612.624.4498

Email

sph-oasr@umn.edu

Mailing Address

Office of Admissions and Student Resources
School of Public Health
Mayo Mail Code 819
420 Delaware Street SE
Minneapolis, MN 55455-0381

Office of Admissions and Student Resources (OASR)

The Office of Admissions and Student Resources is a school-wide office that assists students with all phases of their academic journey. The OASR staff works closely with the program coordinators to create a set of school-wide and program-specific services that we hope meets your needs for high-tech and high-touch delivery. You will be interacting with us directly or indirectly throughout your education here.

We coordinate many functions including:

- Applications
- Orientation
- CoursEval
- Class Scheduling
- Student Tracking
- SPH Scholarships
- Registration
- Graduation Clearance
- Commencement

Career Services

Career Services offers a variety of resources to assist you in your efforts to locate and apply for professional positions – from field experiences (internships) to fellowships to full-time career positions. Our mission is to provide professional, comprehensive, lifelong career services and resources to SPH students, post-docs, and alumni. Our goal is to facilitate the career development process to ensure confidence in conducting a competitive job search and helping to maximize each individual's career potential. As a student and later as an alumnus/alumna, you are able to take advantage of the following resources to help you achieve your career goals.

Career Services Website

The Career Services Website at www.sph.umn.edu/careers has many links to help you start your new career, including:

- **Jobs / Internships:** Our online job posting system listing internships, graduate assistantships and fellowships, and full-time career opportunities (www.ahc.umn.edu/sphjobs/).
- **Field Experiences:** This module, which is password-protected, is where students can start a new field experience learning agreement, complete a field experience scholarship application, search the database of past field experience sites, and access additional resources (sph.umn.edu/students/current/fe/).
- **Alumni Networking Database:** A searchable *Alumni Networking Directory*, to help you connect with SPH alumnae all over the world (sphalumni.umn.edu).
- **Career Tips:** General career-related links and tip sheets on a variety of job-search related topics (www.sph.umn.edu/careers/tipsheets/).
- **Blog:** Our Career Services Blog hosts several career-related posts for students and alumni (sph.umn.edu/category/careers/).

Individual Appointments

You may schedule individual appointments with Vic Massaglia and Darren Kaltved to discuss any career-related issues, from creating a top-notch resume to ideas for field experiences, interviewing, and negotiating job offers. To schedule an appointment, please email sphjobs@umn.edu.

Other Resources

Throughout the year, you will have the opportunity to take advantage of career-related events. In the fall, you may choose to attend the Etiquette Dinner, participate in the Mentor Program, and attend the Field Experience Fair. Other activities will be announced via the SPHere News, and may include employer visits, alumnae panel discussions, and campus-wide career fairs.

You are on your way to an exciting and fulfilling career! We look forward to helping you get started!

Recruitment Services

Recruitment Services seeks to make the School of Public Health a welcoming place to all prospective students and is the center for recruitment activities at the School of Public Health. Recruitment staff - which includes Maggie Aftahi, Director of Admissions and Student Leadership Development and Sherlonda Clarke, Coordinator for Diversity Initiatives and Programs - meets with prospective students to learn about their interests and goals, and discusses the School of Public Health's learning opportunities. Recruitment Services also coordinates preview days, information sessions, diversity events and other special events, as well as attends career fairs and recruitment venues to meet with prospective students.

OASR Staff

Career Services				
	Darren Kaltved	Assistant Director, Career Services	612-626-4448	dkaltved@umn.edu
	Vic Massaglia	Director of Career Services	612-626-5443	victorm@umn.edu
Recruitment Services				
	Maggie Aftahi	Director of Admissions and Student Leadership Dev.	612-624-0601	med@umn.edu
	Sherlonda Clarke	Coordinator for Diversity Initiatives and Programs	612-624-9970	sdclarke@umn.edu
	Guy Piotrowski	Coordinator for Applications and Admissions	612-624-1991	piotr005@umn.edu
Student Services				
	Richard Archer	Student Data Coordinator	612-624-6915	arche071@umn.edu
	Carol Francis	Registrar and Associate Director of Academic and Student Services	612-624-6952	franc004@umn.edu
	Katie Keyser	Executive Operations/Student Support Specialist	612-624-7660	loas0001@umn.edu
	Mary Ellen Nerney	Assistant Dean of Educational Operations	612-626-5005	nerne002@umn.edu

1.3 Mentor Program

Preparing for a career in public health extends well beyond the classroom. A vital part of that preparation can be learning from the experiences of others.

The School of Public Health boasts the largest mentor program of any public health school. Each fall we match about 200 students with alumni and other professionals who share their interests.

Students learn from the professional experiences of their mentors, and mentors play a role in training future public health leaders. These matches often prove to be enriching relationships for students and professionals alike.

For more information, go to sphalumni.umn.edu/mentorprogram.

1.4 SPH Student SPHere

Make use of the SPH Student SPHere (Commons) to relax or study with your student colleagues. All students actively registered in an SPH degree program have access to the SPH Student SPHere (Mayo A150) via their U-Card. The Student Commons has the following amenities:

- Locker room – Free lockers are assigned in the Office of Admissions and Student Resources (Mayo A395). Students need to renew their locker each year and provide their own lock.
- Kitchen area with tables, chairs, microwaves, refrigerators, sink, and a telephone for free local calls.
- Lounge area with couches, chairs, and wireless internet.
- Study room with tables, chairs, computers (with internet connectivity, Microsoft Office, SAS and STATA software) and a printer.

Please work together to ensure that the SPHere is a comfortable and safe place.

- Keep all areas of the SPHere clean in consideration of others.
- Please protect the security of access. Do not allow anyone to enter behind you that you do not know to be a SPH student. Never prop the door open for any reason. The student commons is for SPH students only.
- If you are aware of a breach of security or if you see something in the commons that needs repair, please report it to the OASR (A395 Mayo) as soon as possible.
- Avoid being alone in the commons during the evening or early morning.
- If you believe you are in danger or see improper activity in progress, call 9-1-1.

Printing in the SPHere

The School of Public Health (SPH) provides \$100 worth of printing (1,000 pages) for the Fall and Spring semesters on your U Card. This value can ONLY be used in the SPHere computer lab (Mayo A-151) and is not valid in any other campus computer lab, including libraries.

When you swipe your card at a print release station, UniPrint will show a balance on the screen. This balance is a combination of the print value given to you by SPH and your Gopher GOLD balance. In order to determine how much print value you have left, you need to subtract your Gopher GOLD balance from the balance shown on screen. Once the \$100 SPH Print Value is exhausted, printing costs will be deducted from your Gopher GOLD account. To view your current balance and transaction history or to add value to your Gopher GOLD account online, please visit www.gophergold.umn.edu. If you experience any printing issues or need to request a refund, please contact the lab attendant or call the SPH Office of Admissions and Student Resources at (612) 626-3500.

1.5 Complaints and Grievances

The SPH seeks to be aware of and responsive to student issues and complaints. There are numerous ways for you to channel your academic and student life concerns:

- Provide comments on the yearly student survey (in March).
- Meet with your advisor and/or program coordinator.
- Raise the issue with your program director or director of graduate studies, either individually or in a meeting set up for this kind of feedback.

The SPH takes all student concerns seriously and we welcome your input in any of these ways. If the matter is not handled satisfactorily by any of these methods, or if the issue is particularly widespread or serious, please make an appointment with Dr. Kristin Anderson, Associate Dean for Learning Systems and Student Affairs, at ander116@umn.edu.

The University provides resources as well. Report incidents of bias, discrimination, or harassment to the University Office of Equal Opportunity and Affirmative Action at www.eoaffact.umn.edu. For student issues that are not resolved through SPH channels or for which you seek external support, the Student Conflict Resolution Center will assist in resolving campus-based problems or concerns www.sos.umn.edu.

1.6 Field Experience Learning Agreement

All students pursuing a required field experience or summer residency must complete an online learning agreement prior to beginning the experience. The online form provides a streamlined process that is comprehensive for you, your preceptors, your faculty advisor and your program coordinator. Please refer to the current student website for this and other resources related to the field experience, www.sph.umn.edu/current/fe/index.asp. Students exploring international field experience opportunities need to begin the process six to eight weeks before departure, and need to be aware of requirements specific to international travel.

1.7 Minors and Interdisciplinary Concentration Areas

Minors

SPH students pursuing an MHA, MPH, MS, PhD are eligible to declare a minor in other areas. For a listing of graduate level minors click on www.catalogs.umn.edu/gradmajorsalpha.html.

Interdisciplinary Concentration Areas

SPH Master of Public Health students have the option to add an interdisciplinary concentration area to their program of study. The concentrations are Global Health (GHIC), Public Health Policy (PHPIC), and Health Disparities (HDIC). For more information and link to the required forms go to www.sph.umn.edu/programs/ic/.

1.8 Community Engagement Agreement

Many students in the School of Public Health volunteer in the community. Liability insurance is available through the University provided that the student registers for PUBH 0020 (a zero credit class), and has the approval of their academic faculty advisor. Registration for PubH 0020 will be officially documented on the student's transcript; however, the zero credit course has no tuition, no fees, no credits, and no grades. It is important to understand that a zero credit registration for a community engagement activity is not a substitute for a required course or field experience.

Prior to registration, students are required to provide information about the experience by completing the Community Engagement Agreement available at www.ahc.umn.edu/sphcommunity. The agreement is complete once it has been approved by the student's advisor and the Student Data Coordinator.

To complete the Student Engagement Agreement a student must provide the following information:

Name of the organization

Address

Organization phone number

Supervisor within the organization

Description of the activity

Description of how this activity relates to their development as a public health professional

Semester and date of experience

Electronic signature of academic advisor

When the agreement is approved, the student will be contacted by email and provided with a registration permission number.

1.9 Online Courses

Moodle is the course management software system used by the University of Minnesota that enables instructors to create and manage Web-based learning materials and activities. Students use Moodle to access these materials and participate in learning activities via the web.

Once you register for online classes, you will be sent a welcome email. Generally, you will not have access to course sites until the first day of class. A general Moodle tutorial is available uttc.umn.edu/training/tutorials/moodle/orientation/moodle-introduction/index.htm. This tutorial is not mandatory but may prove helpful to those with little or no experience with online courses.

1.10 Course Evaluations and Yearly Student Survey

Course Evaluations

Students provide very important input into the continued development of the School of Public Health's teaching program. Students will be asked to complete evaluations for all SPH courses. Evaluations are done online at the end of each term.

SPH Yearly Student Survey

Students also are strongly encouraged to evaluate and comment on the school and its programs through our annual end of year SPH Student Survey. The survey covers many aspects of student experiences including field placements, career services, financing, and overall School service.

Career Survey

Recent graduates are encouraged to complete the Career Survey. The survey captures important employment information, compensation norms and contact information.

1.11 The Roles of Your Advising team

The School of Public Health provides advising that promotes collaboration among students, staff and faculty to enhance students' academic and professional development in the field of public health. The School's goal is to provide educational and experiential excellence that prepares students for successful careers improving the health of populations.

DEFINING ADVISING

The School of Public Health is committed to creating and sustaining high quality advising in the following four areas:

1. **Administrative Advising:** advising on course planning and scheduling, policies, procedures and benchmarks of the degree program/major, SPH, and the University. Your program coordinator is your first point of contact for these questions.
2. **Academic Advising:** general guidance on topics related to program/major including, but not limited to, program focus (may include identifying appropriate course work options), project selection and career planning. Students find their faculty advisors, coordinators and career services staff helpful in answering these questions.
3. **Field Experience/Internship/Practicum Advising:** specific and targeted advising for field experience/internship/practicum development, placement and completion. Your faculty advisor can assist you as you select the type of field experience that would best match your goals. Career Services staff can help you to learn how to network with other students and alums to explore possible field experiences sites.
4. **Masters Project/Thesis/Plan A&B/Dissertation Advising:** specific and targeted direction on a master's project or a PhD dissertation including, but not limited to development, completion and in some cases publication. Your faculty advisor will assist you in developing a direction for your project or dissertation.

ADVISING EXPECTATIONS FOR STUDENTS

SPH students are expected to:

Regularly read and respond to University email (ideally once per day); email is the official mode of communication at the University of Minnesota.

- Review program objectives and educational documents at least once per semester, (i.e. Student Guidebook, etc.), or when directed by program coordinator or program director/DGS; students are responsible for knowing the requirements of the degree program.
- Actively contribute to a welcoming and supportive SPH climate.
- Initiate meetings with advisor(s) at least once per semester; regularly communicate with faculty advisor(s) and/or program coordinator about program progress.
- Respond to inquiries from faculty or staff in a timely manner (ideally within 5 – 7 business days).
- Behave in a professional and courteous manner; fulfill educational and advising commitments, such as appointments, project deadlines, etc.

1.12 Commencement Eligibility

Students enrolled in MPH, MHA or MS programs are eligible to participate in the May Commencement ceremony if they are on-track to complete course credit requirements and the culminating experience by the end of the spring or summer semester, or have completed the necessary course credit requirements and culminating experience the previous summer or fall semester.

Exceptions may be granted on an individual basis per review by the program coordinator and program director. To seek an exception, contact your program coordinator.

2. THE UNIVERSITY OF MINNESOTA

2.1 Mission

The University of Minnesota, founded in the belief that all people are enriched by understanding, is dedicated to the advancement of learning and the search for truth; to the sharing of this knowledge through education for a diverse community; and to the application of this knowledge to benefit the people of the state, the nation, and the world. The University's mission, carried out on multiple campuses and throughout the state, is threefold:

1. **Research and Discovery**
Generate and preserve knowledge, understanding, and creativity by conducting high-quality research, scholarship, and artistic activity that benefit students, scholars, and communities across the state, the nation, and the world.
2. **Teaching and Learning**
Share that knowledge, understanding, and creativity by providing a broad range of educational programs in a strong and diverse community of learners and teachers, and prepare graduate, professional, and undergraduate students, as well as non-degree-seeking students interested in continuing education and lifelong learning, for active roles in a multiracial and multicultural world.
3. **Outreach and Public Service**
Extend, apply, and exchange knowledge between the University and society by applying scholarly expertise to community problems, by helping organizations and individuals respond to their changing environments, and by making the knowledge and resources created and preserved at the University accessible to the citizens of the state, the nation, and the world.

In all of its activities, the University strives to sustain an open exchange of ideas in an environment that embodies the values of academic freedom, responsibility, integrity, and cooperation; that provides an atmosphere of mutual respect, free from racism, sexism, and other forms of prejudice and intolerance; that assists individuals, institutions, and communities in responding to a continuously changing world; that is conscious of and responsive to the needs of the many communities it is committed to serving; that creates and supports partnerships within the University, with other educational systems and institutions, and with communities to achieve common goals; and that inspires, sets high expectations for, and empowers individuals within its community.

2.2 Twin Cities Campus

The University of Minnesota is a world-class university, known globally as a leader in teaching, research, and public service. It is both a land-grant university, with a strong tradition of education and public service, and a major research institution, with scholars of national and international reputation. UMNTC consistently ranks among the top 20 public universities in the United States. The classic Big 10 campus, located in the heart of the Minneapolis-St. Paul metropolitan area, provides an exceptional setting for lifelong learning.

The University community is a broad mix of ethnic backgrounds, interests, and cultures. Students come from all 50 states and from more than 100 foreign countries. Many small communities of students, faculty, and staff help to create a welcoming atmosphere on campus.

UMNTC is also a thriving center for culture and the arts, featuring outstanding galleries, museums, concerts, theatre productions, and public lectures. For sports fans, the Golden Gophers offer all the spirit and excitement of Division I college athletics.

The campus in Minneapolis is located just a few minutes east of downtown. Nestled along the bluffs of the Mississippi River, buildings in Minneapolis range from the ultramodern Weisman Art Museum to the classic and stately Northrop Memorial Auditorium. A few miles to the east in St. Paul, rolling hills and quiet lawns create a more rural setting. The Minneapolis and St. Paul parts of the campus are connected by a convenient campus shuttle system.

UMNTC also provides a life beyond the campus like few other Big 10 universities can. The dynamic communities of Minneapolis and St. Paul offer something for everyone - a nationally recognized art and theatre community, a thriving entertainment industry, a host of Fortune 500 companies, four glorious seasons of outdoor recreation, exciting professional sports, shopping, and restaurants for every taste--all located close to campus.

2.3 U of M Services

2.3.1 First Steps

One Stop

onestop.umn.edu

The first resource for students having a question about the University is onestop.umn.edu. Please bookmark this site. One Stop offers links to a variety of online services and information about the University including course information, grades, registration, finances, transcripts, and general services.

Email Accounts

www.umn.edu/initiate

Each student attending the University of Minnesota must set-up a student internet/email account by going to www.umn.edu/initiate or by calling the Technology Help Line at 612.301.4357 (1-HELP).

All SPH students are required to use their University of Minnesota email account. Course lists, immunizations, billing statements, financial aid updates, and other important information will be sent via the U of M student email address. It is strongly recommended that students use their U of M email account and do not transfer it to a personal email account.

The School of Public Health relies heavily on email notices to students, staff, and faculty. To keep current on upcoming events, job announcements, new course announcements, scholarships, internships, the SPH newsletter, or good opportunities, etc., students should check their email regularly.

Students can retrieve email messages in many locations including the SPH student commons, SPH Career Resource Center, and SPH division computer facilities. Other computer facilities are located in numerous locations on campus; see www.oit.umn.edu/computer-labs/ for a list.

Note: Students who choose to forward their University email account to another email account are still responsible for all the information, including all attachments, sent to their University email account.

The U has expanded technological capacity to allow free lifetime access to University email. This allows students to use the U of M email address for personal or professional purposes even after graduation. (Imagine never having to subscribe to an email service or memorize another address! In addition, imagine being able to stay in touch with your student colleagues wherever you and they may journey.)

The account must be accessed at least once every three months through the [Web Interface](#) to keep the email account active. If the account remains suspended for 90 days, it is then deleted. All data associated with the account will be deleted and cannot be recovered. If the user contacts the Service Desk [help@umn.edu] after the account is deleted, the account can be recreated without any content.

U Card

www.umn.edu/ucard

The U Card identifies you as a student on the Twin Cities campus. Your first U Card is free and can be obtained at the U Card Office. Bring your driver's license, state ID, or passport and be prepared to have your picture taken.

U Card Main Office

G22 Coffman Memorial Union
300 Washington Avenue SE
Phone 612.626.9900
Weekdays: 8:30 to 4:00pm

The U Card is your key to all sorts of campus services and facilities. Your U Card can also be used as your ATM card through TCF Bank.

Since the U Card never expires, you should hold on to it even after you leave the University. If you ever return as a student, staff or faculty member, your card will still be valid.

Use your U Card for:

- Access to the SPHere and lockers
- Campus ID purposes
- All your checking needs
- Making Gopher GOLD purchases
- Charging textbook purchases at the U of M Bookstores to your student account
- Checking out library materials
- Entering the recreation center, golf course, computer labs, buildings, and residence hall dining rooms
- Art and athletic ticket discounts (available at place of purchase)
- Accessing art materials, student employment, business school services, and more

Report lost or stolen U Cards immediately. There is a \$25.00 replacement fee for lost, stolen, or damaged U Cards. The fee can be paid by cash or check at all U Card Office locations. Debit, check or credit cards are not accepted.

LinkedIn

LinkedIn (www.linkedin.com), the world's largest professional network on the Internet, helps you make better use of your professional network through the exchange of knowledge, ideas, and opportunities with a broader network of professionals. Your professional network of trusted contacts gives you an advantage in your career, and is one of your most valuable assets in any job search. According to the National Association of Colleges and Employers over 85% of recruiters use LinkedIn or Google to search candidates, and 46% use LinkedIn to research new hires. LinkedIn includes executives and employees from all Fortune 500 companies, all Fortune 100 companies (including 82 of the 100 who use it for hiring purposes), and over 200 million total companies.

The School of Public Health encourages ALL students to use LinkedIn as an invaluable career and networking resource. Not only will this benefit and enhance your experience now, but will serve as a life-long resource in advancing your career. To help you get started, check out our LinkedIn Guide (<http://www.sph.umn.edu/careers/tipsheets/linkedin/>). To learn more about connecting with the School of Public Health through LinkedIn and social media, please visit: <http://www.sph.umn.edu/socialmedia>.

Parking and Transportation

www.umn.edu/pts/

The University's Parking and Transportation website has a wealth of information concerning getting to and around campus. Parking is extremely limited on campus and we encourage students to bus, bike, or walk if possible.

Campus Shuttle Buses

Campus shuttle buses run at no charge between the East and West Bank and St. Paul campuses with varying routes and times. Current schedule information is posted on the above listed website as well as various locations throughout the Twin Cities campus.

Metro Transit and the U Pass

Take advantage of the deeply discounted Metro Transit bus pass. U-Pass is the ultimate transit pass that provides unlimited rides 24 hours a day. It is valid on all regular bus and light-rail train routes, as well as express, local, limited-stop, or Downtown Zone routes. It may not, however, be used on some special event services. Information can be found at www1.umn.edu/pts/index.html.

Parking

Contract parking for students is sold through a lottery system each semester. Locations may vary but include spaces on the East Bank, West Bank, and St. Paul campuses. Hourly parking is available in several University public facilities. Parking rates vary depending on proximity to campus and the facility type. Visit the Parking and Transportation website, www1.umn.edu/pts/, or call 612.626.PARK (7275) for more information.

The Motorist Assistance Program offers free services (unlocking vehicles, jump-starts, changing flat tires, and referral to a service station) to all customers parked in U parking facilities. Hours are Monday through Thursday from 7 a.m. to midnight, Friday from 7 a.m. to 10 p.m. (Service is not

available on weekends or official University holidays). Call 612.626.PARK for motorist assistance or any other questions.

Disability parking is available in many parking facilities and metered areas. Use of these designated spaces requires a state-issued permit or license plate. For additional information, call the State of Minnesota at 651.296.6911 or Disability Services at 612.624.4037.

Bookstore

www.bookstore.umn.edu

The University of Minnesota Bookstore, located in Coffman Union, sells texts for all Public Health courses. Course materials can also be ordered online.

Housing

www.housing.umn.edu

The University's Office of Housing & Residential Life is the best resource for finding housing on or near campus.

Maps

campusmaps.umn.edu/tc/

Find the way to any University building.

Digital Signage

The School of Public Health had three different digital sign's that provide information specific to the School of Public Health students. These can be found on the 3rd floor of the Mayo building – right near the Dean's office Mayo A302, the student SPHere Mayo A150, and the 3rd floor (Lobby level) of the WBOB building.

2.3.2 Health and Well Being

Boynton Health Services

www.bhs.umn.edu

Boynton Health Services offers comprehensive medical services for students, faculty, and staff.

Clinics

- Dental Clinic
- Eye Clinic
- Int'l Travel Clinic
- Mental Health Clinic
- Sports Medicine Clinic
- Women's Clinic

Services

- Contraceptive Services
- Immunization Services
- Massage Therapy Services
- Nutrition Services
 - Pediatric Services
 - Immunizations
- Nursing Mothers Room

Testing Services

- HIV Testing and Counseling
- Pregnancy Testing
- STI Testing

General Care

- Pharmacy
- Physical Exams
- Primary Care/Urgent Care

Boynton also offers a variety of programs and classes including:

- Alcohol & Other Drugs Presentations
- Birth Control Classes
- CPR/First Aid Classes
- Eating-Disorders Program
- HIV Testing and Counseling
- Smoking Cessation
- Stress Management

Mental Health Resources

Financial challenges, isolation, cultural changes, academic stress, and other pressures on graduate students can create health issues. Please seek assistance before you feel overwhelmed. Resources include:

Boynton Health Service Mental Health Clinic, www.bhs.umn.edu/services/mentalhealth.htm.

International Student and Scholar Services counseling. www.iss.umn.edu/office/advising/personal.html

Your advisor or program coordinator can also help lead you to appropriate resources.

Smoke-free University

The University of Minnesota, Crookston, Duluth, Rochester, and Twin Cities are smoke- and tobacco-free campuses. All students, staff, faculty, and visitors are prohibited from smoking and using, selling, free distributing, and advertising tobacco products and electronic cigarettes in all facilities and on all University property.

The success of this policy will depend upon the thoughtfulness, consideration, and cooperation of everyone on campus, including tobacco-users and non-users. All members of the University community are responsible for enforcing this policy. Students, faculty, staff, and visitors who violate this policy should be reminded of the policy and asked to comply. Repeated violation of this policy may be cause for disciplinary action in accordance with applicable student or employee codes of conduct. Visitors who refuse to comply with this policy may be asked to vacate campus property.

The Aurora Center

www.umn.edu/aurora

The Aurora Center for Advocacy and Education provides crisis intervention and advocacy services to victim/survivors of sexual and relationship violence, harassment and stalking. The staff and volunteers are also available to provide prevention training and education on a variety of issues.

Nursing Mothers' Room

www.bhs.umn.edu/east-bank-clinic/nursing-mothers-room.htm

Spaces are available on campus offering private and comfortable rooms that are designed specifically for nursing mothers to be able pump and store breast milk. This service, offered through Boynton Health Services, requires a brief orientation for users to familiarize themselves with the rooms. For addition information or questions please email Barry Standorf at bstandorf@bhs.umn.edu

Recreation & Wellness Center

recwell.umn.edu/

The University Recreation and Wellness Center opened its doors in 1993, and is commonly referred to by students as the Rec Center. An expansion to the original building opened in 2013. Located on the University of Minnesota's East Bank Campus, the facility serves between 3,000 and 5,000 patrons on an average weekday during the academic year. The Department of Recreational Sports also offers opportunities for the following:

- Aquatics
- Fitness
- Golf
- Intramurals
- Outdoor Recreation
- Sport Clubs
- Wellness
- Youth Programs

Dining

www.dining.umn.edu/

University Dining Services offers a wide variety of dining experiences throughout the Twin Cities campus. The East Bank Campus offers several University Dining Service locations.

2.3.3 Diversity

Diversity and Inclusiveness

The University of Minnesota (University) is committed to the principles to achieve excellence through equity and diversity. It is believed that a diverse student body enhances the academic and social environment for all students and prepares students to thrive in an increasingly diverse workforce and society. Equal education access is critical to preparing students for the responsibilities of citizenship and civic leadership in a heterogeneous society. The University will provide equal access to and opportunity in its programs, facilities, and employment without regard to race, color, creed, religion, national origin, gender, age, marital status, disability, public assistance status, veteran status, sexual orientation, gender identity, or gender expression. The University will also establish and nurture an environment for faculty, staff, students, and visitors that actively acknowledges and values equity and diversity and is free from racism, sexism, ageism, homophobia, and other forms of prejudice, intolerance, or harassment.

The global, population-based nature of public health demands that the School of Public Health (SPH) seek and train students of all racial, ethnic, economic and educational backgrounds. We believe such diversity enriches the learning experience and helps build excellence in public health leadership. The SPH is dedicated to providing our students with a supportive and welcoming academic experience in and out of the classroom. Our Diversity Matters series and Taste Diversity (sph.umn.edu/taste-diversity-2014-menu-april-7/) programs are designed to highlight diverse issues that impact public health professionals.

We also strive to create a community that is actively engaging in the areas of diversity and inclusiveness of its students, faculty, staff and programs to create an excellent educational environment. The SPH defines inclusiveness as all-embracing of the fullness of humanity. Our goal is to celebrate the differences and to help foster unity within the SPH community. This sense of inclusiveness recognizes that diversity is not limited to a select number of categorical elements of a person but encompasses all attributes.

The U of MN SPH Coordinator for Diversity Initiatives and Programs, Sherlonda Clarke, works with students, staff, faculty, and community members to enhance diversity within the SPH. Her office is located in A395-3 Mayo Memorial Building or you can contact her at sdclarke@umn.edu or at 612-624-9970.

For more information please visit:

- University policy library - regents.umn.edu/sites/default/files/policies/Equity_Diversity_EO_AA.pdf
- Office for Equity and Diversity - diversity.umn.edu/eoaa/home
- SPH website on Diversity in Minnesota - www.sph.umn.edu/prospective/diversity/

In addition, the University has several offices across campus whose purpose is to support underrepresented students and promote diversity. The following is a list of some of those offices.

Disability Resource Center

diversity.umn.edu/disability/

Location: 108 McNamara Alumni Center, 200 Oak Street SE (East Bank)

Phone: (612) 626-1333 (Voice/TTY)

The Disability Resource Center promotes access and equity for students with disabilities (e.g., physical, learning, psychiatric, sensory or systemic) They exist to ensure that students, faculty and staff have access to all the University has to offer and equal opportunities to participate in the many interesting activities on campus. Their goal is to ensure that you have access to all the learning opportunities you choose, whether in class or at work, or participating in the wide range of social and cultural experiences the University offers. Students are responsible for contacting the Disability Resource Center for more information or to arrange accommodations.

Diversity in Graduate Education

diversity.umn.edu/gradeducation/

Location: 333 Johnston Hall, 101 Pleasant Street SE (East Bank)
Phone: (612) 625-6858

The Office for Diversity in Graduate Education (ODGE) coordinates and leads the University's initiatives in the recruitment, funding, retention and graduation of a diverse graduate and professional student body. Additionally, ODGE works closely with The Graduate School and other units connected to diversity and multiculturalism.

GLBTA Programs Office

diversity.umn.edu/glbta/

Location: 46 Appleby Hall, 128 Pleasant Street SE (East Bank)
Phone: (612) 625-0537

Through its various services, the Gay, Lesbian, Bisexual, Transgender, Ally (GLBTA) Programs Office is dedicated to improving campus climate for all University constituents by developing and supporting more inclusive understandings of gender and sexuality. GLBTA Programs Office seeks to build and bridge communities that welcome and affirm people to be their whole selves, honoring their multiple identities and life experiences.

International Student and Scholar Services

www.issv.umn.edu/

Location: 109 Hubert H. Humphrey School, 301 19th Avenue S (West Bank)
Phone: (612) 626-7100

International Student and Scholar Services (ISSS) is the office dedicated to serving the University international community. Its primary mission is to assist international students and scholars in successfully accomplishing the goals that brought them to the University, by using all available resources. Services include:

- Counseling and advising
- Immigration and visa regulation advising
- Newsletters
- Career services
- Academic opportunities for university students
- Tax return information

Multicultural Center for Academic Excellence

diversity.umn.edu/multicultural/

Location: 140 Appleby Hall, 128 Pleasant Street SE (East Bank)
Phone: (612) 624-6386

The Multicultural Center for Academic Excellence (MCAE) is a campus-wide resource that promotes an inclusive atmosphere to foster and enrich multicultural understanding among all members of the University community. MCAE's commitment to creating such a climate is driven by a student-first culture in which students are the highest priority.

Office of Equity and Diversity

diversity.umn.edu/

Location: 432 Morrill Hall, 100 Church Street SE (East Bank)
Phone: (612) 624-0594

The mission of the Office of Equity and Diversity (OED) is to leverage the transformative power of equity and diversity to advance excellence in teaching, research and community engagement at the University of Minnesota. OED envisions a University where equity and diversity are:

1. Integrated into the work and lives of every student, faculty and staff member.
2. Recognized as core institutional values, and will inform thinking, policies and practices throughout the University.
3. Inherently intertwined with academic excellence and the development of leaders for a globally inclusive society.

Office of Equal Opportunity and Affirmative Action

diversity.umn.edu/eoaa/

Location: 274 McNamara Alumni Center, 200 Oak Street SE (East Bank)
Phone: (612) 624-9547

The Office of Equal Opportunity and Affirmative Action (EOAA) was founded in 1972 to ensure that all University community members uphold federal and state civil rights laws and regulations, as well as University equal opportunity policies. The EOAA Office envisions a University community that is equitable—one that values the diversity of its workforce and student body and is free from discrimination and harassment.

Student Conflict Resolution Center

www.sos.umn.edu/

Location: 254 Appleby Hall, 128 Pleasant St. SE (East Bank)
Phone: (612) 624-7272

The Student Conflict Resolution Center (SCRC) offers informal and formal conflict resolution services to resolve students' University-based problems and concerns. An ombudsman provides confidential, neutral and informal options. An advocate is available to assist students in formal grievance or disciplinary proceedings.

Women's Center

diversity.umn.edu/women/

Location: 64 Appleby Hall, 128 Pleasant Street SE (East Bank)
Phone: (612) 625-9837

The Women's Center advances equity for women students, staff, faculty and alumnae across identities. The Women's Center increases connections for women's success, cultivates socially responsible leaders and advocates for organizational culture change toward excellence for all.

2.3.4 Academic

University Libraries

hsl.lib.umn.edu/biomed

The Bio-Medical Library, located in Diehl Hall, contains materials in the areas of allied health, medicine, mortuary science, nursing, pharmacy, public health, and the basic life sciences. In addition the library provides numerous resources and services such as library instructional classes, research workshops, reference consultations, library mediated searches, and citation clarification. The Mathematics library (<https://www.lib.umn.edu/math>), located in Vincent Hall, contains materials in the area of mathematics and statistics.

Information on other University libraries and collections can be found at www.lib.umn.edu.

The Outreach Librarian for the School of Public Health is Anne Beschnett, her office hours are between Monday and Friday, 8-4:30. Please email her or call to set up an appointment: besch015@umn.edu or 612-625-9603.

Center for Teaching and Learning Services

www1.umn.edu/ohr/teachlearn/

The Center for Teaching and Learning Services works to enhance the culture of teaching and learning through campus-wide workshops, courses, and facilitated discussions about teaching and learning.

Center for Writing

writing.umn.edu/

The Center for Writing provides free writing instruction for all University of Minnesota students at all stages of the writing process. In collaborative consultations, we help students develop productive writing habits and revision strategies. This may be through appointments or online.

The Online Writing Center offers online tutoring to students taking Writing-Intensive courses at the University of Minnesota. Online tutoring is conducted via the Web, and consists of comments and feedback offered by our experienced writing tutors.

Tutors are trained in fields such as composition, speech communication, scientific and technical communication, and rhetoric, and many of them are instructors at the university. Tutors review the writing you submit by offering comments and suggestions for improvement; however, they will comment mainly on the areas students specify.

Computing Services

it.umn.edu/services/

The University's Academic and Distributed Computing Services (ADCS) website provides a wealth of information and services available to students including:

Computer Lab Locations	Training
Computer Rental	Support and Help Services
Internet Services and Email Accounts	Resources and Useful Links
Computers and Software for Purchase	Security

myU Portal

myu.umn.edu

The myU web portal permits you to:

- Sign-in once to access all major applications.
- Receive personalized information.
- Create a custom news page from over 200 news channels.
- Set-up secure areas to discuss, share, and collaborate.

myU can be personalized based on your role as a student in the School of Public Health and Academic Health Center (AHC). The myU portal view currently serves students, faculty, and staff in AHC collegiate units. It provides information to students in AHC affiliated colleges that is personalized to the level of specific academic program and, in some cases, to their year in the program. The School of Public Health and AHC are using myU as a method of communicating with students.

University Counseling and Consulting Services

www.uccs.umn.edu/

Provides the following services to the University community:

Career Development Center	Groups and Workshops
Consultation, Outreach, and Diversity Program	Learning and Academic Skills Center
Counseling Program	Academic Support Group

2.3.5 Campus Safety

Police

www.umn.edu/umpolice/

The University of Minnesota has a full service police department in the event of an emergency dial 911.

Security Monitor Program

www1.umn.edu/police/escort.html

The Security Monitor Program offers a walking/biking escort service to and from campus locations and nearby adjacent neighborhoods. This service is available at no charge to students, staff, faculty, and visitors to the University of Minnesota – Twin Cities campus. To request an escort by a trained student security monitor, please call 612.624.WALK (9255) shortly before the desired departure time and walk safe.

TXT-U Emergency Notification

www1.umn.edu/prepared/txtu/

TXT-U is the University of Minnesota's emergency notification text messaging system. Students, faculty, and staff can stay informed about critical campus safety information by registering to receive TXT-U messages.

TXT-U will be used infrequently and specifically for real emergency situations.

Campus Wide Emergency Alert System

The Campus Wide Emergency Alert System includes 21 outdoor loudspeakers mounted on poles and rooftops on the West Bank and East Bank and in St. Paul. The system will allow for an alert tone and vocal instructions in the event of a campus emergency.

2.3.6 Social

Student Unions and Activities Office

www.sua.umn.edu

The Student Unions and Activities Office is the University of Minnesota's center for campus-wide programs and activities, leadership opportunities, skill development, and student organization training, advising and registration.

More than 400 student groups on campus are registered with the Student Unions and Activities Office, including academic societies, cultural centers, sports clubs, political action groups and fraternities and sororities. These organizations provide students with endless involvement opportunities and the chance to interact with others who share a similar interest.

Campus Events

events.umn.edu/

Website for events hosted by the University of Minnesota.

School of Public Health Events

www.sph.umn.edu/news/

Website for events specific to the School of Public Health.

hub.ahc.umn.edu/news-capsules

Academic Health Center Events

News and events specific to the Academic Health Center.

2.3.6 Additional Resources

Post Office

sua.umn.edu/services/postal-stations/

A full-service U.S. Post Office is located on the ground floor of Coffman Union.

Copies/Fax Machines

www.printing.umn.edu

A University Copy Center is located in Mayo D104 as well as other locations throughout the University.

Student Conflict Resolution Center

www.sos.umn.edu

The Student Conflict Resolution Center assists students in resolving campus-based problems and concerns through coaching, intervention and mediation by Ombudsman and Advocacy staff.

Student Legal Service

www.umn.edu/usls/

University Student Legal Service (USLS) functions to provide legal representation and legal advice to eligible students on the Twin Cities campus.

3. REGISTRATION

3.1 Full-Time Status

All SPH students need to register for at least six (6) credits in fall and spring semester to be considered full-time. In summer MHA and MPH students must be registered for 6 credits to be considered fulltime and 3 credits to be considered half-time.

Note: The Office of Financial Aid or external agencies may require students to be registered for more than three or six credits to be considered full-time; check with these agencies to verify their requirements.

3.2 Registration Process

Step One

View the Class Schedule for each term on the web at onestop.umn.edu. Select courses for the term with your advisor before registering (make an appointment at the earliest convenient time). Check for holds e.g. immunizations, transcript, etc.

Note: 5000 through 8000-level courses are considered graduate-level. 1000 and 3000-level courses are for undergraduates and will not receive approval for graduate credit. Under some circumstances – with approval of the student’s major field – 4000 – level courses may also be applied toward a MPH degree as long as they are taught by a member of the graduate faculty.

Step Two

After selecting your courses, run through the checklist below before registering. Frustrating delays can be avoided by following these hints:

- If instructor consent is necessary for any of your selected course(s), get a permission number from the course instructor or his/her designee before registering. This number permits registration for the course through the second week of the semester; after the second week, it expires. Note that the number is specific to the student it is given to and the course requiring instructor consent. Once a number is used to register, it becomes invalid and cannot be used for another course or by another student.
- You will not be able to register if you have any holds on your University record. Notice of any hold, including the name of the department or office where it may be cleared, is available at onestop.umn.edu.
- You can find your registration queue date and time on the web at onestop.umn.edu.
- You will need your x.500 login and password to register. If you have forgotten your password, call 612.301.4357 to have your password reset. You can also call this number if you have problems logging in to register.

Step Three

Register via the web at onestop.umn.edu or go to the University’s One Stop Student Services Center in 200 Fraser Hall on the East Bank Campus to register in person. Students having difficulty with self-registration should contact the registration help-line at 612.624.1111 (M-F 8:00-4:00) or email helpingu@umn.edu. You may also contact your Program Coordinator or the School of Public Health Office of Admissions and Student Resources at 612.626.3500. Please note the following when registering:

- Most courses give the option of either an A/F or S/N (pass/fail) grading option. Be sure to select the grade option desired for the course. Note that there may be a limit to the number of credits a student can take S/N (pass/fail); see the major section of this guidebook for more information. Stricter policies may be enforced by individual majors/programs. There is a strict and early deadline for when grading options can be changed.
- Some courses have variable credits. Before selecting the number of credits, students should make sure they are in agreement with the instructor as to the number of credits appropriate for the work proposed.

3.3 Grade Option Changes, Course Additions, Withdrawal and Evaluations

Change of Grade Option

For full-semester courses, students may change their grade option, if applicable, through the second week of the semester. After that, grading options cannot be changed. Grade option change deadlines for other terms (i.e. summer and half-semester) can be found at onestop.umn.edu. For more information about grading policies, see section 5.4 University Senate Uniform Grading and Transcript Policy.

Adding a Course

No approval is required to add a course during the first week of classes. Instructor approval is required during week two. After the second week of classes, instructor and college scholastic committee approval is required. Deadlines for adding a course for other terms (i.e. summer and half-semester) can be found at onestop.umn.edu.

Registration Exception Form

Students must consult with their program coordinator prior to submitting any paper or electronic forms. After this consultation, students must complete a formal request to change their registration (e.g., add, drop, change your grade basis) after a deadline or to register for more than 18 credits. Please ask your program coordinator for the appropriate form. Approval is not automatic.

Course Cancellation and Withdrawal

Students should refer to the Refund and Drop/Add Deadlines for the particular term at onestop.umn.edu for information and deadlines for withdrawing from a course. As a courtesy, students should notify their instructor and, if applicable, advisor of their intent to withdraw.

Students wishing to withdraw from a course after the noted final deadline for a particular term must contact the School of Public Health Office of Admissions and Student Resources at sph-oasr@umn.edu for further information.

Repeat and Bracket Course Policy

An officially admitted SPH student (MHA, MPH, MS, PhD, and Certificate Programs) may repeat a public health course only **once**.

MHA, MPH, and Certificate students have the option to bracket a particular course (with the same course number) **one time**. Bracketing is a practice where one grade is omitted from GPA calculations, while continuing to appear on the transcript.

Only courses with the same catalog number may be bracketed.

A University of Minnesota course may not be bracketed with a course taken at another institution.

How bracketing works: When an SPH student repeats an SPH course, both grades for the course will appear on the official transcript and will be counted towards the GPA calculation. The student is responsible for submitting a written request that a repeated course be "bracketed" (only once per course). If a student registers for a course a third or greater number of times (either in violation of this policy or by approved exception), all non-bracketed grades will be factored into GPA calculations. It is important to note that student school loans may not cover the tuition cost of repeating a course.

Exceptions: Exceptions to this policy must be submitted to the student's academic advising team and discussed with the course instructor. *Example:* Requesting to repeat a course (more than two times) is at the discretion of the academic advising team and may be approved due to extraordinary circumstances such as documented illness or hospitalization, death in family, etc..

Higher standards of achievement and stricter repeat policies may be enforced by individual majors/programs. This may include restrictions on repeating core courses that are also core to a major, and/or requiring that students earn better than a B- in particular courses in order to meet major/program requirements. Documentation of such policies can be found in the program portion of student guidebooks.

Students can consult with their advising team for alternative core course options.

Other Transcript symbols

Incomplete [I]

There shall be a temporary symbol I, **incomplete**, awarded to indicate that the work of the course has not been completed. The I shall be assigned at the discretion of the instructor when, due to extraordinary circumstances, the student was prevented from completing the work of the course on time. The assignment of an I requires a written contract between the instructor and student specifying the time and manner in which the student will complete the course requirements. In no event may any such written agreement allow a period of longer than one year to complete the course requirements. The Incomplete contract can be found at <http://secure.ahc.umn.edu/publichealth/sphgrades/>

For graduate/professional students, an I is to remain on the transcript until changed by the instructor or department.

When an I is changed to another symbol, the I is removed from the record.

A student does not need to be registered at the University in order to complete the work necessary to convert an I to a grade with credit in the time and manner previously agreed upon between the student and the instructor. The instructor is expected to turn in the new grade within four weeks of the date the work was submitted by the student.

Interpretation of Policy on Incompletes for Students Called to Active Military Duty

When appropriate, instructors may prefer to arrange for the student to take an incomplete. Senate policy requires that an incomplete be made up within one calendar year of the end of the term in which the incomplete is given. When students are called to active military duty, and reach agreement with their instructor(s) to take an incomplete, they will have up to one calendar year following their discharge from active duty to complete their incomplete(s). Complete policies and procedures are available in the SPH Office of Admissions and Student Resources.

Transfer [T]

There shall be a symbol T, **transfer**, posted as a prefix to the original grade, to indicate credits transferred from another institution or from one college or campus to another within the University when reevaluation is required.

Withdrawal [W]

If a student officially withdraws from a course during the first two weeks of classes, there shall be no record of that course registration entered on the student's transcript. There shall be a symbol W, **withdrawal**, entered upon a student's record when the student officially withdraws from a course in accordance with procedures established by the student's college or campus*. The W will be entered on the transcript irrespective of the student's academic standing in that course if the student withdraws from the course during the third through eighth week of class (second or third weeks of summer sessions). Withdrawal in the ninth or later week of classes (fourth or later in summer sessions) shall require approval of the college and may not be granted solely because a student is failing the course; there must be extenuating non-academic circumstances justifying late withdrawal.

*See *section 3.3* for the School of Public Health withdrawal process.

Continuation [X]

There shall be a symbol X, indicating a student may continue in a continuation course in which a grade cannot be determined until the full sequence of courses is completed. The instructor shall submit a grade for each X when the student has completed the sequence.

In Progress [K]

There shall be a symbol K, assigned by an instructor to indicate the course is still in progress and that a grade cannot be assigned at the present time.

Other Provisions

Course Credit Transfer Policy

A student may seek transfer of no more than 40% of their total graduate or professional program credits taken at the University of Minnesota or at another college or university prior to the SPH program matriculation. Course credits may be used to satisfy public health core or other program requirements as jointly approved by the Program Director and the Senior Associate Dean for Academic Affairs. No course credits older than 5 years from the date of the student's matriculation will be accepted for transfer. A grade of "B-" or better is required for each course requested for transfer credit.

SPH students who have completed graduate-level coursework at the University of Minnesota or another college or university may petition to transfer those courses toward their SPH degree. To be considered for transfer, graduate level coursework must have been taken at an accredited graduate institution.

Higher standards of achievement and stricter policies may be enforced by individual majors/programs.

Students must:

1. Meet with their academic advisor to discuss the petitioning process. If the petition is acceptable to the advisor, the student will complete and sign the Academic Policy Petition form, and attach an official transcript on which the final grade has been posted.
2. Submit the Academic Policy Petition form to the Program Coordinator for processing. The Academic Policy Petition form can be found at <http://www.sph.umn.edu/current/resources/>. The Program Coordinator will forward the petition to the Program Director for approval and signature and then to the Office of Admissions and Student Resources for the Associate Dean for Learning Systems and Student Affairs for final evaluation and/or approval.

The Academic Policy Petition forms may be used for other academic reasons. Students are encouraged to discuss petition issues with their academic advisor or Program Coordinator to determine the appropriate process and procedure.

Equivalency Exams

Equivalency examinations are given at least twice each year (January and August). Students have the option of taking the equivalency exams in any of the following core areas; however, **students can only take the exam one time in each core area**. Students who pass the exam(s) are waived from taking the required course and must make up the credits per their area of study and degree requirements. A notation on the student's transcript will be documented if the student passes an equivalency exam. Students who do not pass the exam(s) are required to take the appropriate core course area to satisfy the competency requirements. Equivalency exams satisfy competency requirements for the following core courses only:

PubH 6020 Fundamentals of Social and Behavioral Science

Contact: Toben Nelson tfnelson@umn.edu

Number of questions on exam	4
Type of questions	Essay
Open or closed book	----

PubH 6751 Principles of Management in Health Services Organizations

Type of questions	Short answer
Open or closed book	Open (no internet access)

Course Prerequisites

Any college or campus may set special scholastic or other standards for registration in a particular course, for scholastic probation, admission, honors, continued residence, degrees, and other purposes they deem appropriate.

Grade Submission

All grades for all courses each term shall be submitted to the Office of the Registrar no later than 72 hours after the last final examination for that term. Students can view their grades online at onestop.umn.edu 24 hours after they are posted by the course instructor.

Course Evaluations

Student feedback on course content and faculty teaching skills are an important means for improving our work. Please take the time to complete a course evaluation for each of the courses for which you are registered. The SPH collects student course evaluations electronically using a software system called CoursEval: <http://sph.umn.edu/students/current/course-eval-grades/>. The system will send email notifications to students when they can access and complete their course evaluations. Students who complete their course evaluations promptly will be able to access their final grade as soon as the faculty member renders the grade in SPHGrades: www.sph.umn.edu/grades. All students will have access to their final grades through OneStop two weeks after the last day of the semester regardless of whether they completed their course evaluation or not.

Note: Responses will remain anonymous and will not be released to the course instructor until after final grades have been submitted. This is School of Public Health procedure - not a University-wide policy - and therefore applies to Public Health courses only.

4. TUITION, FEES, BILLING, AND FINANCES

4.1 Tuition and Fees

Please go to <http://onestop.umn.edu/> for complete tuition and fee information.

4.2 Billing

Students will receive a billing statement approximately 4 weeks after a semester begins (May/Summer Session billing statements are sent mid-June. Students may view their fee statement online at onestop.umn.edu).

Students will receive electronic bills and have the option of paying their bill online with an electronic check from their checking or savings account. Students can also allow access to authorized users, such as parents, to view and pay

tuition bills on their behalf. For more information on electronic billing and payment, visit onestop.umn.edu. Questions on billing and fee statements can be referred to helpingu@umn.edu.

Third Party Billing

onestop.umn.edu/finances/pay/third_party_billing/index.html

When an organization, not owned by you or a family member, makes a commitment to pay your educational expenses, they are considered a third party sponsor by the University of Minnesota. When payment is due on your student account, the sponsor is billed by the University. This payment process is termed "third party billing."

Sponsor's payments are subject to the same federal reporting requirements as other financial aid. Some sponsorships don't require a billing invoice and are administered by the University through One Stop Student Services.

Whether you are a student or a sponsor, you will find answers in the frequently asked questions (FAQ) about how the third party billing processes these payments at the links on the left. In addition, you can view current tuition and fee information.

If you have more questions or need further information, please contact the third party billing office at tpbill@umn.edu or 612-625-8559.

4.3 Financial Aid and Scholarships

A variety of resources to assist students in financing their education as well as estimations of living expenses can be found at sph.umn.edu/students/prospective/finances/. Information specific to SPH Divisions and/or Programs may be found in the Division and/or degree program sections of this guidebook.

Information on financial aid can be found at onestop.umn.edu or by -mailing helpingu@umn.edu.

Students having questions about the status of their financial aid should refer to the appropriate contact below:

Aid Type	Contact	Email address
Division/Major Specific Awards and Traineeships, the Dean's Scholarship	Your Program Coordinator	
Medica Scholarships, and scholarships that support specific US minority groups	SPH Student Services	sph-oasr@umn.edu
Federal Loans, Financial Aid Package	Liz Holm	holmx029@umn.edu

Loan Deferment

A temporary postponement of loan payments available only under certain conditions; some loans do not accrue interest in deferment, such as subsidized loans policy.umn.edu/forms/fa/fa830.pdf.

Students requesting a loan deferment can get their form signed by One Stop Student Services onestop.umn.edu/contact_us/index.html.

Financial Aid Exit Counseling

Exit counseling sessions are required of all borrowers of federal and University-administered student loan programs. Exit counseling provides you information regarding the rights and responsibilities of a borrower and a lender/servicer. You learn about repayment, deferment, and cancellation of your loan. These sessions prepare you to be responsible and effective in repayment of your educational loans.

You are required to complete exit counseling when you:

- are about to graduate.
- leave the University (even if it is just temporary).
- drop your registration below half-time enrollment.
- transfer to another school.
- leave for a National Student Exchange (NSE) experience.

Once you have been selected for the exit process, you will receive an email with instructions to complete your exit counseling online. Make sure you respond by completing your exit counseling in a timely manner! A hold will remain on your student record until your exit counseling is complete, delaying your diploma, preventing registration, and preventing access to your transcripts.

For more information about student loan exit counseling, contact Student Account Assistance : onestop.umn.edu/contact_us/student_account_assistance.html

4.4 Graduate Assistantships

Many SPH students use graduate assistantships to help finance their education. These are campus working/learning positions that take the form of research, teaching, or administrative appointments. Degree-seeking students in the SPH registered for six or more credits, including international students, are eligible to apply for any assistantship on campus. Because many assistantships are funded by grants, the vigorous research activity of SPH faculty makes available numerous opportunities in the school.

Graduate assistantships include an hourly wage, tuition benefits, subsidized insurance coverage, and may include resident tuition rates for student and dependents.

For graduate assistant policies and benefits, go to www1.umn.edu/ohr/gae.

The tuition benefits are particularly attractive to students. Graduate assistants who work at least 25% time from the beginning to the end of the official semester appointment dates are eligible to receive tuition benefits (tuition remission and resident rates) during that semester.

5. UNIVERSITY GUIDELINES AND POLICIES

5.1 Student Responsibility and Conduct

Students are ultimately responsible for the level of success that they achieve in their program of study and for the time it takes to complete that program. Students should:

- Attend fall orientation and understand the information distributed.
- Understand and follow University, School of Public Health, Division, and Program rules and procedures for completion of degree requirements.
- Read email messages frequently for announcements from the Program Coordinators, Program Directors and Director of Graduate Studies, Office of Admissions and Student Resources, and Career Center. These announcements may involve changes in the University, School or Division rules and procedures for completion of degree requirements; students are responsible for reading and understanding these announcements.
- Check their student mailbox often for printed informational materials.
- Contact a Program Coordinator, Program Directors or Director of Graduate Studies if they are not getting reasonable assistance from their academic and/or master's project/thesis advisor.
- Initiate and maintain contact each semester with their academic advisor to review progress toward the completion of their degree.
- Complete the degree in a timely fashion.

The School of Public Health emphasizes three principles of student conduct in all of its degree programs:

1. **Respect others**
Students are expected to behave in a respectful and professional manner with other students, faculty, and staff in the classroom and on campus.
2. **Honor privacy**
Every student's course grades are private and are not to be shown to anyone else. This also applies to the grades of students in courses for which you are a Teaching Assistant.
3. **Present your work honestly**
Plagiarism is defined as the presentation of another's writing or ideas as your own. For a helpful discussion of preventing plagiarism, please consult University policies and procedures regarding academic integrity:

<http://writing.umn.edu/tww/preventing/definitions.html>. Students should be careful to properly attribute and cite others' work in their writing. For guidelines for correctly citing sources, go to tutorial.lib.umn.edu.

The Associate Dean for Learning Systems and Student Affairs is responsible for managing all School of Public Health issues and investigations of academic misconduct.

5.2 University of Minnesota Board of Regents' Policies

The policies of the Board of Regents are umbrella policies that provide the framework under which the administration is responsible for implementation of and compliance with the intent of the board policy. Students are responsible for abiding by the Board of Regents policies. The Board of Regents policies can be found at www.umn.edu/regents/policies.html.

We encourage students to read the policies and ask that they particularly become aware of the following policies reprinted here in a slightly different format:

University of Minnesota Board of Regents Policy Student Conduct Code

Adopted: July 10, 1970

Amended: December 13, 1974; March 11, 1994; June 13, 2003; December 8, 2006; October 11, 2012

Supersedes: (see end of policy)

SECTION I. GUIDING PRINCIPLES.

- (a) The University seeks an environment that promotes academic achievement and integrity, that is protective of free inquiry, and that serves the educational mission of the University.
- (b) The University seeks a community that is free from violence, threats, and intimidation; that is respectful of the rights, opportunities, and welfare of students, faculty, staff, and guests of the University; and that does not threaten the physical or mental health or safety of members of the University community.
- (c) The University is dedicated to responsible stewardship of its resources and to protecting its property and resources from theft, damage, destruction, or misuse.
- (d) The University supports and is guided by state and federal law while also setting its own standards of conduct for its academic community.
- (e) The University is dedicated to the rational and orderly resolution of conflict.

SECTION II. SCOPE.

This policy applies to all students and student organizations at the University of Minnesota (University), whether or not the University is in session.

SECTION III. DEFINITIONS.

Subd. 1. Academic Environment. Academic environment shall mean any setting where a student is engaged in work toward academic credit, satisfaction of program-based requirements, or related activities including but not limited to on line courses, learning abroad, and field trips.

Subd. 2. Campus. Campus shall mean all University premises, including all land, buildings, facilities, and other property owned, possessed, leased, used, or controlled by the University, and adjacent streets and sidewalks.

Subd. 3. Plagiarism. Plagiarism shall mean representing the words, creative work, or ideas of another person as one's own without providing proper documentation of source. Examples include, but are not limited to:

- Copying information word for word from a source without using quotation marks and giving proper acknowledgement by way of footnote, endnote, or in-text citation;
- Representing the words, ideas, or data of another person as one's own without providing proper attribution to the author through quotation, reference, in-text citation, or footnote;

- Producing, without proper attribution, any form of work originated by another person such as a musical phrase, a proof, a speech, an image, experimental data, laboratory report, graphic design, or computer code;
- Paraphrasing, without sufficient acknowledgment, ideas taken from another person that the reader might reasonably mistake as the author's; and
- Borrowing various words, ideas, phrases, or data from original sources and blending them with one's own without acknowledging the sources.

It is the responsibility of all students to understand the standards and methods of proper attribution and to clarify with each instructor the standards, expectations, and reference techniques appropriate to the subject area and class requirements, including group work and internet use. Students are encouraged to seek out information about these methods from instructors and other resources and to apply this information in all submissions of academic work.¹

Subd. 4. Student. Student shall mean any person taking courses at the University or enrolled in a University program; any person participating as a student in University activities prior to the start of classes; any student who is not enrolled or registered for a particular term but has a continuing relationship with the University; any student who withdraws, transfers, or graduates after an alleged violation of the Student Conduct Code; and any already graduated student when the conduct at issue implicates the student's University degree.

Subd. 5. Student Organization. Student organization shall mean any organization of students that is or has been registered as a University student organization under applicable University policies or procedures.

Subd. 6. University-Sponsored Activities. University-sponsored activities shall mean any program or event sponsored by the University, including but not limited to those sponsored by student organizations, or athletics.

SECTION IV. JURISDICTION.

Subd. 1. The Student Conduct Code shall apply to student conduct that occurs on campus or at University-sponsored activities.

Subd. 2. The Student Conduct Code shall apply to student conduct that directly relates to the University's education, services, programs, or rules, including but not limited to scholastic dishonesty, hazing, violation of University rules, and falsification, whether the conduct occurs on campus or off campus.

Subd. 3. At the discretion of the president or delegate, the Student Conduct Code also shall apply to off-campus student conduct when the conduct, as alleged, adversely affects a substantial University interest and either:

(a) constitutes a criminal offense as defined by local, state, or federal law or ordinance, regardless of the existence or outcome of any criminal proceeding; or

(b) indicates that the student may present a danger or threat to the health or safety of the student or others.

SECTION V. THE RESPONSIBILITIES OF DUAL MEMBERSHIP.

Students are both members of the University community and of the state. Students are responsible to the community of which they are a part, and they are responsible to the academic community of the University. By enforcing its Code, the University neither substitutes for nor interferes with other civil or criminal legal processes. When a student is charged in both jurisdictions, the University will decide on the basis of its interests, the interests of affected students, and the interests of the community whether to proceed with its disciplinary process or to defer action. Determinations made or sanctions imposed under the Code will not be subject to change because criminal charges arising out of the same facts were dismissed, reduced, or resolved in favor of the criminal law defendant.

SECTION VI. DISCIPLINARY OFFENSES.

Any student or student organization found to have committed, attempted to commit, assisted or abetted another person or group to commit the following misconduct is subject to appropriate disciplinary action under this policy:

Subd. 1. Scholastic Dishonesty. Scholastic dishonesty means plagiarism; cheating on assignments or examinations; engaging in unauthorized collaboration on academic work; taking, acquiring, or using test materials without faculty permission; submitting false or incomplete records of academic achievement; acting alone or in cooperation with another to falsify records or to obtain dishonestly grades, honors, awards, or professional endorsement; altering, forging, misrepresenting, or misusing a University academic record; or fabricating or falsifying data, research procedures, or data analysis.

Subd. 2. Disruption of the Academic Environment. Disruption of the academic environment means engaging in behavior that substantially or repeatedly interrupts either the instructor's ability to teach and/or a student's ability to learn.

Subd. 3. Falsification. Falsification means willfully providing University offices or officials with false, misleading, or incomplete information; forging or altering without proper authorization official University records or documents or conspiring with or inducing others to forge or alter without proper authorization University records or documents; misusing, altering, forging, falsifying, or transferring to another person University-issued identification; or intentionally making a false report of a bomb, fire, natural disaster, or other emergency to a University official or an emergency service agency.

Subd. 4. Refusal to Identify and Comply. Refusal to identify and comply means willfully refusing to or falsely identifying one's self or willfully failing to comply with a proper order or summons when requested by an authorized University official, by law enforcement personnel, or by emergency medical staff responding to an emergency.

Subd. 5. Attempt to Injure or Defraud. Attempt to injure or defraud means making, forging, printing, reproducing, copying, or altering any record, document, writing, or identification used or maintained by the University when done with intent to injure, defraud, or misinform.

Subd. 6. Harm to Person. Harm to person means engaging in conduct that endangers or threatens to endanger the physical and/or mental health, safety, or welfare of another person, including, but not limited to, threatening, stalking, harassing, intimidating, or assaulting behavior.

Subd. 7. Bullying. Bullying means aggressive behavior directed at another person, either in person or through electronic means, that causes stress or harm and that is repeated over time, including but not limited to assaulting, defaming, terrorizing, making obscene gestures, or invading privacy.

Subd. 8. Sexual Assault. Sexual assault means actual, attempted or threatened sexual contact with another person without that person's consent. Sexual assault is a criminal act that can be prosecuted under Minnesota state law, as well as under the Student Conduct Code and employee discipline procedures.

Subd. 9. Disorderly Conduct. Disorderly conduct means engaging in conduct that incites or threatens to incite an assault or breach of the peace; breaching the peace; obstructing or disrupting teaching, research, administrative, or public service functions; or obstructing or disrupting disciplinary procedures or authorized University activities.

Subd. 10. Illegal or Unauthorized Possession or Use of Weapons. Illegal or unauthorized possession or use of weapons means possessing or using weapons or articles or substances usable as weapons, including, but not limited to, firearms, incendiary devices, explosives, and dangerous biological or chemical agents, except in those instances when authorized by law and, where applicable, by proper University authority.

Subd. 11. Illegal or Unauthorized Possession or Use of Drugs or Alcohol. Illegal or unauthorized possession or use of drugs or alcohol means possessing or using drugs or alcohol illegally or, where applicable, without proper University authorization.

Subd. 12. Providing Alcohol to Minors. Providing alcohol to minors means directly or indirectly providing alcohol to anyone under the legal drinking age.

Subd. 13. Unauthorized Use of University Facilities or Services. Unauthorized use of University facilities or services means wrongfully using University properties or facilities; misusing, altering, or damaging fire-fighting equipment, safety devices, or other emergency equipment or interfering with the performance of those specifically charged to carry out emergency services; or acting to obtain fraudulently—through deceit, unauthorized procedures, bad checks, or misrepresentation—goods, quarters, services, or funds from University departments or student organizations or individuals acting on their behalf.

Subd. 14. Theft, Property Damage, or Vandalism. Theft, property damage, or vandalism means theft or embezzlement of, damage to, destruction of, unauthorized possession of, or wrongful sale or gift of property.

Subd. 15. Unauthorized Access. Unauthorized access means accessing without authorization University property, facilities, services, or information systems, or obtaining or providing to another person the means of such unauthorized access, including, but not limited to, using or providing without authorization keys, access cards, or access codes.

Subd. 16. Disruptive Behavior. Disruptive behavior means willfully disrupting University events; participating in a campus demonstration that disrupts the normal operations of the University and infringes on the rights of other individuals; leading or inciting others to disrupt scheduled or normal activities of the University; engaging in intentional obstruction that interferes with freedom of movement, either pedestrian or vehicular, on campus; using sound

amplification equipment on campus without authorization; or making or causing noise, regardless of the means, that disturbs authorized University activities or functions.

Subd. 17. Hazing. Hazing means any act taken on University property or in connection with any University-related group or activity that endangers the physical and/or mental health or safety of an individual (including, without limitation, an act intended to cause personal degradation or humiliation), or that destroys or removes public or private property, for the purpose of initiation in, admission to, affiliation with, or as a condition for continued membership in a group or organization.

Subd. 18. Rioting. Rioting means engaging in, or inciting others to engage in, harmful or destructive behavior in the context of an assembly of persons disturbing the peace on campus, in areas proximate to campus, or in any location when the riot occurs in connection with, or in response to, a University-sponsored event. Rioting includes, but is not limited to, such conduct as using or threatening violence to others, damaging or destroying property, impeding or impairing fire or other emergency services, or refusing the direction of an authorized person.

Subd. 19. Violation of University Rules. Violation of University rules means engaging in conduct that violates University, collegiate, or departmental regulations that have been posted or publicized, including provisions contained in University contracts with students.

Subd. 20. Violation of Local, State, or Federal Laws or Ordinances. Violation of local, state, or federal laws or ordinances means engaging in conduct that violates a local, state, or federal law, or ordinance, including, but not limited to, laws governing alcoholic beverages, drugs, gambling, sex offenses, indecent conduct, or arson.

Subd. 21. Persistent Violations. Persistent violations means engaging in repeated conduct or action in violation of this Code.

SECTION VII. SANCTIONS.

Student and student organizations found responsible for disciplinary offenses under the Student Conduct Code are subject to sanctions. Factors to consider in determining appropriate sanctions include: the nature of the offense, the severity of the offense, the culpability of the student or student organization, the impact on other students or members of the University community, and the opportunity for student development. Separation from the University through suspension or expulsion is a serious sanction that may be appropriate for: repeated violations of the Code, for serious scholastic dishonesty, and for misconduct that constitutes a threat to community safety or well-being (including, but not limited to harm to person and sexual assault), or significantly disrupts the rights of others or the operations of the University. The following sanctions may be imposed upon students or student organizations found to have violated the Code:

Subd. 1. Academic Sanction. An academic sanction means a sanction affecting the course or academic work of the student for violation of Section VI, Disciplinary Offenses, Subdivision 1, Scholastic Dishonesty.

Subd. 2. Warning. A warning means the issuance of an oral or written warning or reprimand.

Subd. 3. Probation. Probation means special status with conditions imposed for a defined period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any institutional regulation during the probationary period.

Subd. 4. Required Compliance. Required compliance means satisfying University requirements, work assignments, community service, or other discretionary assignments.

Subd. 5. Confiscation. Confiscation means confiscation of goods used or possessed in violation of University regulations or confiscation of falsified identification or identification wrongly used.

Subd. 6. Restitution. Restitution means making compensation for loss, injury, or damage.

Subd. 7. Restriction of Privileges. Restriction of privileges means the denial or restriction of specified privileges, including, but not limited to, access to an official transcript for a defined period of time.

Subd. 8. University Housing Suspension. University housing suspension means separation of the student from University Housing for a defined period of time.

Subd. 9. University Housing Expulsion. University housing expulsion means permanent separation of the student from University Housing.

Subd. 10. Suspension. Suspension means separation of the student from the University for a defined period of time, after which the student is eligible to return to the University. Suspension may include conditions for readmission.

Subd. 11. Expulsion. Expulsion means the permanent separation of the student from the University.

Subd. 12. Withholding of Diploma or Degree. Withholding of diploma or degree means the withholding of diploma or degree otherwise earned for a defined period of time or until the completion of assigned sanctions.

Subd. 13. Revocation of Admission or Degree. Revocation of admission or degree means revoking a student's admission to the University or revoking a degree already awarded by the University.

SECTION VIII. INTERIM SUSPENSION.

The president or delegate may impose an immediate suspension on a student or student organization pending a hearing before the appropriate disciplinary committee (1) to ensure the safety and well-being of members of the University community or to preserve University property, (2) to ensure the student's own physical or emotional safety and well-being, or (3) if the student or student organization poses an ongoing threat of disrupting or interfering with the operations of the University. During the interim suspension, the student or student organization may be denied access to all University activities or privileges for which the student or student organization might otherwise be eligible, including access to University housing or property. The student or student organization has a right to a prompt hearing before the president or delegate on the questions of identification and whether the interim suspension should remain in effect until the full hearing is completed.

SECTION IX. HEARING AND APPEALS OF STUDENT DISCIPLINE.

Any student or student organization charged with violation of the Code shall have the opportunity to receive a fair hearing and access to a campus-wide appeal. To safeguard the rights of students and student organizations, the president or delegate shall ensure that each campus has an appeals procedure to govern alleged violations of this policy. The appeals procedure shall provide both substantive and procedural fairness for the student or student organization alleged to have violated the Code and shall provide for resolution of cases within a reasonable period of time.

The appeals procedure must describe:

- (a) grounds for an appeal;
- (b) procedures for filing an appeal; and
- (c) the nature of an appellate review.

SECTION X. DELEGATION OF AUTHORITY.

The president or delegate shall implement this policy, including publishing and distributing the Code and the procedures governing the student disciplinary process at the University.

1 Portions used with permission from New York Institute of Technology and University of Texas, San Antonio.

Supersedes: Existing disciplinary appeals policies in contradiction and specifically repeals the appeals policies dated February 9, 1979.

University of Minnesota Board of Regents Policy

Sexual Harassment

Adopted: May 11, 2012

Supersedes: (see end of policy)

SECTION I. SCOPE.

This policy governs the commitment to the prevention and awareness of and response to sexual harassment at the University of Minnesota (University).

SECTION II. DEFINITIONS.

(a) Sexual Harassment. *Sexual harassment* shall mean unwelcome sexual advances, requests for sexual favors, and/or other verbal or physical conduct of a sexual nature when:

- (1) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic advancement in any University activity or program;

(2) Submission to or rejection of such conduct by an individual is used as the basis of employment or academic decisions affecting this individual in any University activity or program: or

(3) Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive work or academic environment in any University activity or program.

(b) Retaliation. Retaliation shall mean any form of intimidation, reprisal or harassment against an individual because the individual has made a report of sexual harassment or has participated in an investigation of sexual harassment by or of a University community member including:

(1) Firing, refusing to hire, or refusing to promote the individual;

(2) Departing from any customary employment or academic practice regarding the individual;

3) Transferring or assigning the individual to a lesser position in terms of wages, hours, job classification, job security, employment or academic status; (4) Informing another student, staff or faculty member who does not have a need to know that the individual has made a complaint or participated in an investigation of a complaint of sexual harassment;

(5) Impeding the individual's academic advancement in any University activity or program.

(c) Member of the University Community. *Member of the University community* shall mean any University faculty member, student, staff member, visitor or other individual engaged in any University activity or program.

SECTION III. GUIDING PRINCIPLES.

The following principles shall guide the commitment of the University for the prevention and awareness of and response to sexual harassment:

(a) Consistent with its academic mission and standards, the University is committed to achieving excellence by working to create an educational, employment and residential living environment that are free from sexual harassment.

(b) The University is committed to preventing and eliminating sexual harassment of faculty, staff and students through education and by encouraging all members of the University community to report any concerns or complaints about sexual harassment.

(c) As a community of faculty, staff and students engaged in research, scholarship, artistic activity, teaching and learning or activities that support them the University seeks to foster an environment that is equitable, humane and responsible and where all members are treated with dignity and respect.

SECTION IV. IMPLEMENTATION.

The University shall:

(a) Prohibit sexual harassment or retaliation.

(b) Ensure that department heads, deans, provosts, chancellors, vice presidents, and other supervisors and managers take timely and appropriate action when they know or should know of the existence of sexual harassment. Other persons who suspect sexual harassment should report it to an appropriate person in their unit or to the University equal opportunity officer.

(c) Adopt procedures on each campus for investigating and resolving complaints of sexual harassment in coordination with the director of equal opportunity and affirmative action.

(d) Address violations of this policy through disciplinary or other corrective action up to and including termination of employment or academic dismissal.

SECTION V. MONITORING.

The president or delegate shall address complaints of sexual harassment consistent with this policy and law and remedy any discriminatory or harassing practice that deviate from this policy.

SUPERSEDES: SEXUAL HARASSMENT DATED SEPTEMBER 11, 1998

5.3 Scholastic Dishonesty and Plagiarism

Students are responsible for maintaining scholastic honesty in their work at all times. Students engaged in scholastic dishonesty will be penalized, and offenses will be reported to the Office of Student Conduct and Academic Integrity (OSCAI, www1.umn.edu/oscai/).

The University's Student Conduct Code defines scholastic dishonesty as "Plagiarism shall mean representing the words, creative work, or ideas of another person as one's own without providing proper documentation of source. Examples include, but are not limited to:

- Copying information word for word from a source without using quotation marks and giving proper acknowledgement by way of footnote, endnote, or in-text citation;
- Representing the words, ideas, or data of another person as one's own without providing proper attribution to the author through quotation, reference, in-text citation, or footnote;
- Producing, without proper attribution, any form of work originated by another person such as a musical phrase, a proof, a speech, an image, experimental data, laboratory report, graphic design, or computer code;
- Paraphrasing, without sufficient acknowledgment, ideas taken from another person that the reader might reasonably mistake as the author's; and
- Borrowing various words, ideas, phrases, or data from original sources and blending them with one's own without acknowledging the sources.

It is the responsibility of all students to understand the standards and methods of proper attribution and to clarify with each instructor the standards, expectations, and reference techniques appropriate to the subject area and class requirements, including group work and internet use. Students are encouraged to seek out information about these methods from instructors and other resources and to apply this information in all submissions of academic work."

Serious, intentional plagiarism will result in a grade of "F" or "N" for the entire course. For more information on this policy and for a helpful discussion of preventing plagiarism, please consult University policies and procedures regarding academic integrity: <http://www.oscai.umn.edu/>.

Students are urged to be careful that they properly attribute and cite others' work in their own writing. For guidelines for correctly citing sources, go to www.lib.umn.edu/instruction/tutorials and click on "Organizing and Citing Research."

In addition, original work is expected in all coursework. It is unacceptable for students to hand in assignments for any course for which they received credit in another course unless by prior agreement with the instructor. Building on a line of work begun in another course or leading to a thesis, dissertation, or final project is acceptable.

All issues relating to academic misconduct are referred to the Associate Dean for Learning Systems and Student Affairs.

5.4 University Senate Uniform Grading & Transcript Policy

A. Establishment and Use of University Grading Systems

1. There are two distinct grading systems on each campus of the University, A-B-C-D-F (with pluses and minuses as permitted by this policy) and S-N. The S-N system is a self-contained alternative to the A-F system and the two may not be combined for a particular student in a particular course. Students may receive grades or symbols only from the grading system under which they have registered for a course. This policy does not require any instructor to use pluses and minuses.
2. There are, in addition, registration symbols identified and described in this policy that carry neither grade nor credit.
3. No campus, college, or program is required to offer a course on the S-N grading system.
4. Any unit may choose to limit grades in a particular course to the A-F or the S-N system.
5. When both grading systems are available to a student, he or she must declare a choice of system as part of the initial registration for the course. The choice may not be changed after the end of the second week of classes (the first week in summer sessions).
6. Except as provided in this policy in Sections A (7) and F (12), no college may use any grading systems other than the ones established by this policy.

7. The Law School and the Medical School are exempt from the provisions of this policy, but will report their grading systems, and any changes therein, to the Faculty Senate. Any other units that believe that the national norms of their profession require a different grading system may make application to the Senate Committee on Educational Policy for an exemption from this policy. The Faculty Senate must approve all such exemptions.
8. The No Grade (NG) grading basis is used for certain graduate-level registrations as determined by the Graduate School.

B. Permanent Grades for Academic Work for Credit

1. The list below identifies the possible permanent grades that can be given for any course for which credit is to be awarded. These grades will be entered on a student's official transcript and, for an A, B, C, or D with permitted pluses and minuses, carry the indicated grade points. (Except for the Law School, the University does not award A+ grades, nor are D- grades permitted). The S grade will not carry grade points but the credits will count toward the student's degree program if allowed by the college, campus, or program.

A	4.000 - Represents achievement that is outstanding relative to the level necessary to meet course requirements
A-	3.667
B+	3.333
B	3.000 - Represents achievement that is significantly above the level necessary to meet course requirements
B-	2.667
C+	2.333
C	2.000 - Represents achievement that meets the course requirements in every respect
C-	1.667
D+	1.333
D	1.000 - Represents achievement that is worthy of credit even though it fails to meet fully the course requirements
S	Represents achievement that is satisfactory, which is equivalent to a C- or better.

2. These definitions apply to grades awarded to students who are not enrolled in graduate, post-baccalaureate, and professional programs, but the grade points are the same no matter the level or course of enrollment.
3. Instructors are permitted to hold graduate and undergraduate students who are in the same class to different standards of academic performance and accomplishment. The syllabus must make clear what the different standards will be for the different groups of students who may be enrolled in the class.
4. These are the general University standards. In connection with all symbols of achievement instructors will define for a class, at one of its earliest meetings and as explicitly as possible, the performance that will be necessary to earn each.

C. Permanent Grades for Academic Work for which No Credit is Given

1. There are two permanent grades given for a course for which no credit is to be awarded. These grades will be entered on a student's official transcript.

F	“0” Represents failure and signifies that the work was either (1) completed but at a level of achievement that is not worthy of credit or (2) was not completed and there was no agreement between the instructor and the student that the student would be awarded an I (see Section D). The F carries 0 grade points and the credits for the course do not count toward any academic degree program. The credit hours for the course will count in the grade point average.
N	Represents no credit and signifies that the work was either (1) completed but at a level of achievement that is not worthy of credit or (2) was not completed and there was no agreement between the instructor and the student that the student would be awarded an I (see Section C). The N carries no grade points and the credits for the course do not count toward any academic degree program. The credit hours for the course do not count in the grade point average.

2.

- a. **Scholastic dishonesty.** Scholastic dishonesty in any portion of the academic work for a course will be grounds for awarding a grade of F or N for the entire course, at the discretion of the instructor. This provision allows instructors to award an F or an N to a student when scholastic dishonesty is discovered; it does not require an instructor to do so. Students who enroll for a course on the A-F grading system will receive an F if such grade is warranted; students who enroll for a course on the S-N system will receive an N if such grade is warranted. (See Board of Regents Policy: *Student Conduct Code* for a definition of scholastic dishonesty.)
- b. If the instructor determines that a grade of F or N for the course should be awarded to a student because of scholastic dishonesty, the student cannot withdraw to avoid the F or N. If the student withdrew from the course before the scholastic dishonesty was discovered or before the instructor concluded that there was scholastic dishonesty, and the instructor (or the appropriate hearing body if the student requests a hearing) determines that the student should receive the F or the N, the student will be re-registered for the course and the F and N grade will be entered on the transcripts.

D. Incompletes

1. There will be a symbol I (incomplete) awarded to indicate that the work of the course has not been completed. The I will be assigned at the discretion of the instructor when, due to extraordinary circumstances (as determined by the instructor), the student who has successfully completed a substantial portion of the course's work with a passing grade was prevented from completing the work of the course on time.
2. The assignment of an I requires a written agreement between the instructor and student specifying the time and manner in which the student will complete the course requirements. In no event may any such written agreement allow a period of longer than one year to complete the course requirements (except as provided in section D (8)).
3. Work to make up an I must be submitted within one year of the last day of final examinations of the term in which the I was given for all students except graduate and professional students. If not submitted by that time, the I will automatically change to an F (if the student was registered on the A-F system) or an N (if the student was registered on the S-N system) for the course. If an I changes automatically to an F or an N, the instructor has the discretion to reinstate the I for one additional year only.
4. For graduate and professional students, an I remains on the transcript until changed by the instructor or department.
5. When an I is changed to another symbol, the I is removed from the record. Once an I has become an F or an N, under the provisions of the preceding paragraph, it may subsequently be converted to any other grade, upon petition by the instructor (or the department if the instructor is unavailable) to the college.
6. A student does not need to be registered at the University in order to complete the work necessary to convert an I to a grade with credit in the time and manner previously agreed upon between the student and the instructor. The instructor is expected to turn in the new grade within four weeks of the date the work was submitted by the student. (Depending on the timing of when the work is turned in and the ability of the instructor to award a grade, an F or an N may appear temporarily on the transcript.) Students who have received an I in a course are not allowed to sit in on the class again (that is, without registering for it) to complete the grade.
7. If a student graduates with an I on the transcript, the I will remain permanently an I. A student may petition his or her college, within a year of graduation, to complete the work in the course and receive a grade. The

degree GPA is frozen upon graduation but the cumulative GPA will reflect the change in GPA if a student chooses to complete the work and change the I to a grade within a year of graduation.

8. When students are called to active military duty, and reach agreement with their instructor(s) to take an incomplete, they will have up to one calendar year following their discharge from active duty to complete their incomplete(s).
9. Receipt of an I in a course does not create an entitlement for a student to take the course a second time.

E. Other Transcript Symbols

1. **Auditing a course.**
 - a. There will be a symbol V, visitor, indicating registration as an auditor or visitor, which will carry no credit and no grade.
 - b. Students auditing a course are required to pay full tuition but do not take exams and are not required to do homework. An auditor is entered on the class roster (grade report), is counted as filling a seat in a controlled entry course, and is counted in an instructor's student contact hours.
 - c. Students may not sit in on a course without registering for it.
 - d. A student will be allowed to take a previously audited class for a grade.
2. **Withdrawing from a course.**
 - a. There will be a symbol W, withdrawal, entered upon a student's record when the student officially withdraws from a course in accordance with procedures established by the student's college or campus. The W will be entered on the transcript irrespective of the student's academic standing in that course if the student withdraws from the course during the third through eighth week of class (Twin Cities) or the third through ninth week of class (Morris) or during the second or third weeks of summer sessions.
 - b. If a student officially withdraws from a course during the first two weeks of classes, there will be no record of that course registration entered on the student's transcript.
 - c. One-time late withdrawal: Each student may, once during his or her undergraduate enrollment, withdraw from a course without college approval, and receive the transcript symbol W, after the deadline for withdrawal and at any time up to and including the last day of instruction for that course. A student may not withdraw after completing the final examination or equivalent for a course.
 - d. Except as provided in the preceding section, withdrawal after the deadlines will require approval of the college and may not be granted solely because a student is failing the course; there must be extenuating non-academic circumstances justifying late withdrawal.
3. **Continuation course.** There will be a symbol X, indicating a student may continue in a continuation course in which a grade cannot be determined until the full sequence of courses is completed. The instructor will submit a grade for each X when the student has completed the sequence.
4. **Course in progress.** There will be a symbol K, assigned by an instructor to indicate the course is still in progress and that a grade cannot be assigned at the present time.

F. Other Provisions

1. **Zero-credit courses.** Courses that carry zero credits do not count in either term or cumulative grade point averages. Such courses carry normal tuition and fee charges.
2. All grades for academic work are based on the quality of the work submitted, not on hours of effort. Instructors have the responsibility and authority to determine how final grades are assigned, including, in classes where they use numeric scores, the method that will be used to translate numeric scores into letter grades. (Examples: the instructor may decide that 90% equals an A, 80% a B, and so on, or the instructor may decide that the top 10% of the scores will receive an A, the next 20% a B, and so on.)
3. **Counting credits toward a University degree.**
 - a. A course that carries University credit toward a degree in one department or college must carry University credit in all other departments and colleges (except insofar as those credits exceed the limit on skills credits established in the policy Credit Requirements for an Undergraduate (baccalaureate) Degree.
 - b. A department or college has discretion to decide whether a course completed in another unit will count towards the specific college or department/program/major requirements.
4. When a student graduates, no further changes to his or her transcript will be made (to that portion of the transcript related to the program from which the student graduated) except as expressly allowed under the provisions of this policy.

5. **Releasing transcripts.** The University's official transcript, the chronological record of the student's enrollment and academic performance, will be released by the University only at the request of the student or in accord with state or federal statutes.
6. **Repeating courses.**
 - a. An undergraduate student may repeat a course only once (except as noted in section 6(c)). The college offering the course may grant an exception to this provision. [Morris only] Students who receive a grade of S or C or higher may repeat a course only if space permits.
 - b. When a student repeats a course before receiving his/her degree, (a) both grades for the course will appear on the official transcript, (b) the course credits may not be counted more than once toward degree and program requirements, and (c) only the last enrollment for the course will count in the student's grade point average.
 - c. Provisions 6 (a) and (b) of this policy will not apply to courses (1) using the same number but where students study different content each term of enrollment and (2) to courses designated as "repetition allowed."
 - d. If an undergraduate student repeats a course after his/her degree has been awarded, the original course grade will not be excluded from the degree GPA nor will the new grade be included in the degree GPA.
 - e. Bracketing is the practice of not including a course in the calculation of a student's GPA and not counting the course as satisfying any degree requirements, including electives, because a student has repeated a course. When a student repeats a course, all prior attempts are bracketed and only the most recent attempt counts (except as provided in 6 (c)). No department or college may bracket the courses of another department or college for any reason other than course repetition. An F may not be bracketed with an N. A University course may not be bracketed with a course taken at another institution. The Graduate School does not bracket courses.
 - f. When a student enrolled in the Graduate School repeats a course, provisions 6(a) and (b) apply, but all grades for the course will be counted in the student's grade point average.
7. **Grade point average.** Every student will have calculated, both at the end of each grading period (quarter or semester) and cumulatively, a grade point average, which will be the ratio of grade points earned divided by the number of credits attempted with grades of A-F (including pluses and minuses). Both the term and cumulative grade point average will appear on each student's record.
8. **Final grade due date.** Final grades will be submitted to the Registrar no later than three business days after the last day of the final examination period.
9. This policy may be modified from time to time but existing transcripts will not be modified when there are changes in policy. Changes to the grading and transcript policy will be reflected on the legend on the back of the official transcript.
10. **Compiling and reporting grading data.**
 - a. Data on the mean grade point average by designator and course level, on the percentage of A's awarded by course level, and on overall collegiate grade point averages will be prepared for grades awarded each Fall Semester. Data should be reported for all undergraduate students. Cells in the tables with fewer than 10 grades should be suppressed, in order to protect the privacy of students, but the numbers should be included in the totals.
 - b. The Office of Institutional Research will produce the required tables and provide them to the chair of the Senate Committee on Educational Policy and to the Office of the Senior Vice President for Academic Affairs and Provost.
 - c. The data tables and graphs required in 10 (a) and (b) will be reported annually to the Faculty Senate. These data should also be provided to all deans and department heads and made available to faculty and students.
11. All undergraduate colleges and campuses will publish each term a dean's list, consisting of students who achieved a 3.666 GPA or higher and who completed a minimum of 12 credits on the A-F grading system. There will be a transcript notation for each term that a student achieves the dean's list. Students who have chosen to suppress all their public information (which includes academic awards and honors) will not be included on the published dean's list.
12. **Alternative grading systems.**
 - a. Only the Senate Committee on Educational Policy will have the authority to grant to individual colleges or campuses permission to use alternative grading methods outside the provisions of this official University system, for a specified period (but no longer than five years), and only for the purpose of experimenting with a new grading system for possible system-wide adoption. Such permission may be granted if the proposal does not interfere significantly with the registration options of students from other colleges, campuses, and programs. Such alternative systems will be reported

- for information to the University Senate as soon as permitted and, after the specified period, will be re-evaluated, either to be discontinued, or with University Senate approval on recommendation from the Senate Committee on Educational policy, made part of the system-wide policy. Except for the provisions of this section 6, no college or program may use any grading system except for the one contained in this policy.
- b. Because alternative grading systems, once used, must be maintained by the University forever afterward (to preserve the integrity of the transcripts), the Senate Committee on Educational Policy will rarely grant permission for alternative grading systems. It will consider doing so only when (1) those who propose it can make a persuasive case that the alternative is a more accurate and effective way to measure and record student academic performance, and (2) there is strong reason to believe that the proposal will be useful to all colleges and campuses of the University (except the Law School and Medical School).

5.5 Health Insurance

The University requires all students to have health care coverage to ensure they have access to medical care and can maintain good health, which is essential for academic success.

The Office of Student Health Benefits (OSHB), a unit of the Office for Student Affairs, administers health, dental and other benefits and enrollment for all eligible University students, residents, fellows, and interns. Please understand that this requirement is University-wide and not specific to the School of Public Health.

All students who are 1) admitted to a degree program*, and 2) registered for six or more credits per semester (or three or more credits during summer term) that count towards the automatic assessment of the Student Services Fee, are required by the University of Minnesota to have health plan coverage. Students who meet both of these criteria are automatically enrolled in the University-sponsored Student Health Benefit Plan. Students may choose to waive the University-sponsored Student Health Benefit Plan by providing proof of enrollment in an alternative Eligible Health Plan.

**Non-degree seeking, certificate-seeking, and distance learning students are not eligible to enroll in the University-sponsored Student Health Benefit Plan. Please contact the Office of Student Health Benefits to determine exact eligibility status.*

The University also requires all international students and their dependents to purchase the University-sponsored Student Health Benefit Plan unless they are eligible for a waiver. International scholars visiting the University for more than 31 days are also required to enroll in the University-sponsored Student Health Benefit Plan. Scholars who will be at the University for 31 days or less may choose not to enroll in the University-sponsored Student Health Benefit Plan, but are required to carry their own health plan coverage for the duration of their visit to the University (must meet J-1 U.S. Federal regulation requirements).

Benefits

The Student Health Benefit Plan (SHBP) is a cost-effective, comprehensive health plan designed to meet the unique needs of students.

Key features of the SHBP include:

- No deductible;
- 100% coverage for routine preventive care like annual checkups and eye exams;
- Minimal out-of-pocket costs;
- Unlimited lifetime benefits; and
- Emergency travel assistance through FrontierMEDEX.

Many students find the University-sponsored plan to be a better value than alternative plans under parents, spouses, and employers, or individual health plan options.

The Office of Student Health Benefits negotiated with Blue Cross and Blue Shield of Minnesota to create the most robust student health plan possible. And because the Office of Student Health Benefits receives these features at cost—meaning with no inflated prices—the SHBP is an extremely cost-effective health plan for students. Plan details can be found online at www.shb.umn.edu/index.htm

Long Term Care Disability Insurance Fee

www.shb.umn.edu/twincities/ahc-students/disability-insurance-plan.htm

Academic Health Center students (which includes the School of Public Health), enrolled in a qualifying AHC program, will be automatically covered under a group Long Term Disability plan while a student. **This coverage is not optional.** They will see a charge of \$41.50—an average cost of \$6.92 per month—for this coverage on their student account once at the beginning of each fall and spring semester. Payment of this fee for two consecutive semesters provides year around coverage until graduation from their program.

Waiver

Eligible students are automatically enrolled in the University-sponsored Student Health Benefit Plan (SHBP) unless they waive the coverage. A charge for coverage on the SHBP will appear on your student account. The coverage and charge may be waived for Fall 2014 if you complete the waiver process per established guidelines by **September 15, 2014**. Approved waivers are valid for two years.

You are eligible to waive enrollment on this plan if you have health plan coverage for the entirety of each semester. If you do not appropriately waive the SHBP by **September 15, 2014**, you will be enrolled and billed for the entire semester. Additional information and deadlines for other terms can be found on the website for the Office of Student Health Benefits

To waive enrollment in the SHBP please submit details of your active health plan coverage when you register for classes, by providing the following:

1. the name of your insurance company,
2. your member ID number, and
3. your group number.

This information can be entered during registration or provided online through the deadline at www.onestop.umn.edu/. Look under Quick Links, then under Registration Tools, then select Health Plan Coverage.

Questions and More Information

Office of Student Health Benefits
University of Minnesota
410 Church Street S.E., N323
Minneapolis, MN 55455
Phone: 612-624-0627 or 1-800-232-9017
Fax: 612-626-5183 or 1-800-624-9881
E-mail: umshbo@umn.edu

www.shb.umn.edu/

5.6 Leave of Absence

Leave of Absence

Graduate students who experience circumstances that prevent them from maintaining active status through continuous registration (excluding summer term), and who, through consultation with their Director of Graduate Studies (DGS), Program Director, advisor(s), and relevant offices determine that a leave of absence (LOA) is appropriate, must request a LOA from their college office using this form. Graduate students must receive approval for an official Leave of Absence.

Forms must be submitted to the School of Public Health Office of Admissions and Student Resources, A395 Mayo Memorial Building, MMC 819, 420 Delaware Street SE, Minneapolis, MN 55455.

5.7 Privacy

The School of Public Health is committed to protecting the privacy of students, staff, and research participants. Students have privacy rights that assure confidentiality of their student records. Research Participants have many rights that guarantee their safety and their privacy.

Often School of Public Health students work as Teaching Assistants and Research Assistants [that may require exposure] to private information. Please be [aware] of privacy laws, complete required privacy trainings, and act with the highest honor towards all private information.

For further information, go to privacy.ahc.umn.edu.

FERPA (Family Educational Rights and Privacy Act): Student records

FERPA grants four specific rights to a post-secondary student:

1. To see the information that the institution is keeping on the student.
2. To seek amendment to those records and in certain cases append a statement to the record.
3. To consent to disclosure of his/her records.
4. To file a complaint with the FERPA Office in Washington.

In addition:

- U of MN Faculty and Staff have a legal responsibility, under FERPA, to protect the confidentiality of your student educational records.
- Student educational records are considered confidential and may not be released without written consent of the student.
- Student information stored in electronic format must be secure and available only to those entitled to access that information.

HIPAA (Health Insurance Portability and Accountability Act)

HIPAA is a federal law related to the privacy of an individual's health care information.

All students in the Academic Health Center (AHC), including School of Public Health students, must complete the University's online HIPAA Privacy training.

Login to www.ahc.umn.edu/privacy/training/home.html, click on myU.umn.edu and select **my Worklife** link to complete the training.

5.8 Immunizations

According to OSHA regulations, CDC guidelines, and University of Minnesota policy, Academic Health Center (AHC) students are required to have a health clearance as a condition of enrollment.

More details and the downloadable *Student Immunization Record* form are available from Boynton Health Service at <http://www.bhs.umn.edu/index.htm> and click on immunizations.

5.9 Criminal Background Checks

Students should be aware that certain facilities are required by Minnesota law to submit paperwork for a criminal background check for all personnel with direct, unsupervised client contact. Students placed in such facilities may be asked by the institution to submit paperwork, or the institution may require that they have this check facilitated by the School of Public Health or Division. The School is prepared to assist students with this process. Facilities that are covered by this law are hospitals, boarding care homes, outpatient surgical centers, nursing homes, home care agencies, residential care homes, and board/lodging establishments providing health supervision services. Client contact must be direct and unsupervised (outside the hearing or vision of a supervisor at the facility). In the unlikely event that this situation arises, students should call the School of Public Health Office of Admissions and Student Resources at 612.626.3500 or go to A395 Mayo for assistance.

5.10 Use of Human Subjects in Research

Any research you conduct while a student at the University of Minnesota may be subject to review and approval by the University's Institutional Review Board (IRB) for the protection of human research subjects. This applies to projects conducted inside or outside the University. For research conducted outside of the University, students may still need IRB approval from the University even if approval has been obtained from an external agency.

The IRB is a committee of faculty, students, and community members that follows federal regulations and ethical principles in order to protect human research subjects. Learn more about the IRB here:
<http://www.research.umn.edu/irb>.

The committee is most concerned with the researcher's interface with subjects rather than the background rationale for the project. Specifically, this refers to the recruitment process, the interviewer's experience and expertise, how subjects are informed about the study and expectations for their participation, and how subjects are debriefed after their participation so that subjects can make an informed decision about participation.

If your proposed research project is subject to IRB review, you must submit an application to the IRB before you begin. **You cannot begin any regulated research until you have IRB approval.** This includes sending out recruitment flyers or emails, accessing private data, or doing any aspect of your research. You may not be permitted to use any data that was collected without prior IRB approval. The IRB does not have the authority to approve a study *after* it has begun.

The IRB approval process may take as little as one week, but **can take up to 2 months or longer.** "Last minute" approvals are not possible, so it is important to plan ahead. Applications for international research, research with children, research about illegal or stigmatizing behavior, research with vulnerable populations, or research that incorporates deception often require more review time.

What research must be reviewed by the IRB?

If you and/or your faculty advisor are even a little uncertain about whether your project needs IRB approval, email or call the IRB. IRB staff members are trained to help you and your advisor determine if you must submit an IRB application. Contact your faculty advisor or the Executive Director of the IRB at 612-626-4851 if you do not receive a helpful response. Again, you may not be able to use any data collected if you conduct research that should have been reviewed by the IRB.

IRB Contact Information

(612) 626-5654

irb@umn.edu

<http://www.research.umn.edu/irb/>

Any *research involving human subjects* must be reviewed by the IRB. This means that if you are conducting research (which is a systematic investigation designed to contribute to generalizable knowledge) with human subjects (which are living individuals about whom you collect information) your research is subject to IRB approval. In short, if your research project involves living people, you should at least contact the IRB or submit an application.

Projects that are not subject to IRB review include studies that rely on existing publicly available data, such as US Census data. If you are only doing an analysis of publicly available data (i.e., data you can download from a public website) you do not need IRB approval to use it. Technically, such work is research but does not involve living individuals from whom you collect information. On the other hand, an oral history study may not require IRB because

it is not a systematic investigation designed to contribute to generalizable knowledge. However, there are many grey areas, so students proposing such work are strongly encouraged to contact the IRB to determine whether their project requires approval.

Additional guidelines for students involved in international fieldwork

If you plan to use data collected as part of your international field experience for your master's project, you are strongly encouraged to contact the IRB before your field experience begins to ensure that your project is approved in a timely manner. **You will not be allowed to take data out of the host country without IRB approval.**

How do I apply for IRB approval?

If, after contacting the IRB or speaking with your faculty advisor, your project needs to be reviewed, the next step is to browse and study the IRB website.

Before submitting your application, **you must complete online training** in the protection of human research subjects. To do this, follow the TRAINING tab on the IRB website to the CITI training. For most public health students, the CITI social science module is suggested. There is no charge for the training but it takes up to four hours to complete. You will need your UMN X.500 username and password.

Your research may be exempt from IRB review. However, only the IRB can determine this, so you must submit an **Exempt Research Application** to the IRB to have your exemption approved. There are four categories of research that are exempt from IRB review. Exempt public health research typically involves exemption #2 (e.g., low risk anonymous surveys or observation of public behavior when no personal identifiers are recorded) or #4 (e.g., use of existing anonymous data from a professor's study). For more information on these categories and copies of the appropriate Exempt Research Applications, click the IRB REVIEW PROCESS tab on the IRB website and then click on EXEMPT CATEGORIES.

If your research is subject to IRB review and is not exempt, you must fill out a regular IRB application form, which can be found on the IRB website under the FORMS tab. Most public health studies should fill out the **Social Science form**. The Medical form is typically for experimental drug studies or similar types of research. Call or write the IRB if you are unsure of which form to fill out. Also, there are several appendices on the IRB website that you may be required to include with your application. One appendix is surely needed: **Appendix J**, which is for student research. Your advisor will help you fill this out.

The IRB forms may be submitted by email to the IRB (see Contact Information, above). **Be sure to "cc" your advisor** if she/he did not actually sign the documents: the IRB accepts the "cc" as a digital signature.

What does the IRB look for?

When reviewing your application, the IRB will look for the following things:

1. You have completed (CITI) training
2. Your advisor has completed Appendix J and is "cc'd" on the submission email or has signed the documents
3. Risks to subjects are minimized
4. Risks to subjects are reasonable in relation to anticipated benefits
5. Selection of subjects is equitable and fair
6. Informed consent is sought from each prospective participant
7. Adequate preparation is taken to protect the privacy and confidentiality of subjects
8. Adequate provisions are made for the ongoing monitoring of the subjects' welfare

Some tips

- **Call or email the IRB if you have any questions. They are paid to help you and have seen thousands of studies, many just like yours!**
- Students should work closely with their faculty advisors when completing IRB forms.
- If you are collecting primary data, you will need a copy of the questions you intend to ask subjects, a protocol for collecting data, a consent form with all the elements (see website), and a plan to encrypt identifiable data. If you will be using participant recruitment materials (letters, advertisements, etc.), you must also include them along with your application.
- The IRB looks very closely at research involving children, prisoners, incapacitated persons, the elderly, deception, and higher risk interventions.

- If you're hoping to work with children, plan on getting informed consent from parents.
- All research entails some risk to subjects, even if merely boredom. It is best to overestimate the risks your study poses to subjects and to underestimate its benefits.
- Write short, pithy answers to each question on the IRB form.
- The length of time it takes for the IRB to review and approve your application is highly correlated with the completeness and quality of your application. Incomplete or vague answers often result in "deferrals" which can greatly lengthen the time to approval.
- This page on the IRB website offers specific guidance for student researchers: <http://www.research.umn.edu/IRB/guidance/student-researchers.html>.

5.11 International Student Requirements

Note: International student requirements may change over time. For up-to-date information go to www.issss.umn.edu.

Document Check and Orientation

All new international students must visit the University of Minnesota International Student & Scholar Services office (ISSS) shortly after arrival in Minnesota. See www.issss.umn.edu for directions, office hours, and services. ISSS will review immigration documents, register new students for the International Student Orientation Program, and provide information on how to release registration holds. These processes are mandated by the Department of Homeland Security (DHS); formerly known as Immigration and Naturalization Service (INS).

International students are allowed to enter the U.S. only within 30 days of their program start date. Regulations and SEVIS requirements provide strict guidelines regarding this date, to coincide with the term of admission.

Student and Exchange Visitor Information System (SEVIS)

SEVIS is an electronic reporting system that provides the Department of Homeland Security with information on international students and scholars in the United States who hold F, J, and M visas. This internet-based record-keeping system maintains electronic data on all international students. The system also tracks entries into and departures from the U.S. Every school, college, and university that admits students or scholars on F, J, or M visas is mandated to implement SEVIS.

In addition to the information routinely reported on I-20 and DS-2019 forms, other information is reported, including but not limited to: academic status, employment, and residential address.

For more information on SEVIS requirements, including those listed below, go to www.issss.umn.edu.

Academic Status

International students must maintain full-time status. MPH students must register for at least 6 credits each semester. Under special conditions, students may apply for an exemption from the full-time status rule at the ISSS office. Students must apply for the exemption before registering for less than a full course of study.

Address Change

International students **MUST** notify **BOTH** the DHS Bureau of Citizenship & Immigration Services (BCIS) and the University of Minnesota **within 10 days** of a change of address. For more information go to www.issss.umn.edu/INSGen/address.html See Section. 6. Groups, Associations, and Societies.

6. Groups, Associations and Societies

6.1 Student Groups

School of Public Health Student Senate

<https://sites.google.com/a/umn.edu/sphss/>

The Student Senate is comprised of graduate students of the University of Minnesota, School of Public Health. The Senate serves two main functions:

- The Student Senate is an official organization of the University of Minnesota, School of Public Health, representing the SPH graduate students in several university committees.
- The Student Senate also acts as the public health student association of the University of Minnesota, organizing activities and events among the graduate students in the school. They participate in volunteer activities around the Twin Cities, organize social events, and address student needs and concerns to the School and the divisions.

The SPH Student Senate welcomes input from all students from the school and invite you to join the Senate and help us serve the needs of the SPH students. Contact us at sphss@umn.edu.

The student senate officers for the 2014-2015 academic year are:

Office	Name
President	Christopher Kim
VP of Communications	Elizabeth (Bette) Dougherty
VP of Operations	Brian Ambuel
VP of Student Advancement	Elizabeth (Liz) Fristad
VP of Finance	Elizabeth (Ellie) Madison Craig-Kuhn

Graduate and Professional Student Assembly (GAPSA)

www.gapsa.umn.edu

The Graduate and Professional Student Assembly serves many functions on this campus, chief among them ensuring that the University, in all of its offices, programs, schools and departments, works in the interests of excellence in the graduate and professional experience. GAPSA and its coordinate councils advocate on your behalf to make the University of Minnesota the premier institution for graduate and professional education in the nation, and try to make sure students have a smooth, supported, even fun time getting their degree.

Council of Graduate Students (COGS)

www.cogs.umn.edu

The Council of Graduate Students (COGS) is the official student governing board of the Graduate School, representing all Graduate Students at the U of M. The U administration looks to COGS for consultation and direction on all matters pertaining to the Graduate School experience, including Graduate Assistant issues.

Center for Health Interdisciplinary Programs (CHIP)

www.chip.umn.edu

The Center for Health Interdisciplinary Programs or CHIP is a department of the Office of Education in the Academic Health Center Senior Vice President's Office. The CHIP Student Center serves AHC students in the schools of dentistry, dental hygiene, health care administration, medical technology, medicine, mortuary science, nursing, occupational therapy, pharmacy, physical therapy, public health, and veterinary medicine.

CHIP exists to foster interdisciplinary relationships and teamwork between Academic Health Center students. CHIP provides educational, leadership, and service opportunities for students.

Minnesota International Student Association (MISA)

www.tc.umn.edu/~misa/

The Minnesota International Student Association (MISA) is a non-profit organization that aims at working in the interest of international students at the University of Minnesota. MISA represents the international community of the University of Minnesota Campus. There are about 3000 international students on this campus, whose length of stay varies from 3 months to several years. MISA plays a vibrant role in students' social lives, by being the forum for international students on the U of M campus and by organizing events throughout the year.

Other Groups

www.sua.umn.edu/groups/

More than 400 student groups on campus are registered with the University's Student Unions and Activities Office, including academic societies, cultural centers, sports clubs, political action groups and fraternities and sororities. These organizations provide students with endless involvement opportunities and the chance to interact with others who share a similar interest.

6.2 Public Health Related Associations and Agencies

Minnesota Public Health Association

www.mpha.net/

Founded in 1907, the Minnesota Public Health Association (MPHA) is a statewide professional organization actively serving Minnesotans, our members, and the public health profession through its efforts and activities. MPHA is an affiliate of the American Public Health Association.

American Public Health Association

www.apha.org

The American Public Health Association (APHA) is the oldest and largest organization of public health professionals in the world, representing more than 50,000 members from over 50 occupations of public health.

Association of Schools and Programs of Public Health

www.aspph.org/

The Association of Schools and Programs of Public Health (ASPPH) is the only national organization representing the deans, faculty, and students of the accredited member schools of public health and other programs seeking accreditation as schools of public health.

Centers for Disease Control and Prevention

www.cdc.gov

The Centers for Disease Control and Prevention (CDC) is recognized as the lead federal agency for protecting the health and safety of people - at home and abroad, providing credible information to enhance health decisions, and promoting health through strong partnerships. CDC serves as the national focus for developing and applying disease prevention and control, environmental health, and health promotion and education activities designed to improve the health of the people of the United States.

National Institutes of Health

www.nih.gov

Begun as a one-room Laboratory of Hygiene in 1887, the National Institutes of Health today is one of the world's foremost medical research centers, and the Federal focal point for medical research in the U.S.

American College of Healthcare Executives

www.ache.org

The American College of Healthcare Executives is an international professional society of more than 30,000 healthcare executives who lead hospitals, healthcare systems and other healthcare organizations.

6.3 Alumni Societies

School of Public Health Alumni Society

www.minnesotaalumni.org

www.sph.umn.edu/alumni/

Founded in 1944, University of Minnesota School of Public Health alumni exist around the world. Our 9500+ alumni are important members of the school and public health community as they continue to shape public health policy, conduct ground-breaking research, lead innovative public health solutions and contribute to the future of public health.

Since its inception in 1982, the School of Public Health Alumni Society has worked to serve alumni and students, promote excellence in programs and advance public health efforts in our community and the world. As an extension of the University of Minnesota Alumni Association, the SPH Alumni Society currently has more than 1,400 members. Membership is open to all graduates, former students who have completed a minimum of 12-18 credits, faculty and administrators of the school.

The SPH Alumni Society is committed to building relationships with students through Mentoring@SPH, a new program aimed at providing professional development opportunities for students by connecting with alumni. For more information, visit sphalumni.umn.edu/mentoring.

MHA Alumni Association

www.mhaalum.org/

The Alumni Association of the University of Minnesota MHA Program was established in 1948 to facilitate ongoing support of the Healthcare Administration program and to continue fellowship among alumni. There are over 1,600 members. The Association supports MHA students through scholarships and by providing learning opportunities.

7. PUBLIC HEALTH MEDICINE PROGRAM

7.1 Welcome

Welcome to the Program in Public Health Medicine! This program is part of the Public Health Practice Major in the School of Public Health. It requires a minimum of 42 credits and results in a dual MD/MPH degree. We hope this guidebook answers your questions about the program and leads you on the way to successful completion of the MPH degree. Please feel free to contact the Program Coordinator, Katy Korchik, at 612.626.5665 or <php@umn.edu> with any questions or concerns.

Public Health Medicine is a dual MD/MPH degree for medical students who are interested in the application of public health principles and practices in clinical medicine. Traditional undergraduate medical education is characterized by a focus on hospital settings with forays into the outpatient clinic. It may imply that health is created by the invention and implementation of new technologies, drugs, and clinical techniques. In reality, social and environmental factors have historically been more significant determinants of health than the state of medical practice. A key objective of the Program in Public Health Medicine is to expose medical students to the public health component of medical practice.

Moreover, medical practice is entering a new era of partnerships, integrated delivery systems and market-driven perspectives. First, there is increasing demand for population-based approaches which include needs assessment, quality assurance, information management and policy development, requiring a different skill mix than traditional clinical practice. Second, there is increasing use of managed care. Managed care necessitates a medical practice oriented to the needs of a population and has brought traditional public health skills of epidemiology, biostatistics, and health care management into the mainstream of clinical practice. Third, there is increasing emphasis on developing collaborative, community-based networks for providing a continuum of health care services. A fourth major trend is changing demographics with not only an aging population but also one with an increasingly diverse cultural and ethnic heritage. These four trends are creating a demand for a skill set that addresses population-focused care through a systems approach.

The major in Public Health Practice brings together the science and the art of public health. Public Health Medicine emphasizes the importance and applications of basic scientific knowledge to current societal problems and concerns. It addresses public health as a broad social enterprise that seeks to extend the benefits of current knowledge in ways that will have the maximum impact on the health status of populations. This calls for collective action to protect, promote, and improve health, through education, engineering and enforcement strategies. Public health is unique in its interdisciplinary approach and methods, its emphasis on preventive strategies, and its linkages with government, private and voluntary communities.

Public Health Medicine will promote the study of disease (including both illness and injury) in the context of its impact on populations as well as on individuals. The study of diseases in the context of their impact on populations as well as on individuals requires additional dimensions of analysis and understanding of measurement techniques with which the medical student should be familiar. The assessment of population needs in relation to the provision of services, the targeting of special areas of concern, the influence of environmental and social factors on diseases, the prevention of illness and the promotion of health, are relevant to many aspects of clinical practice and health care delivery. The program in Public Health Medicine will require the medical student to acquire these complementary analytic techniques, including epidemiology and biostatistics, and will supplement the traditional biomedical model with an appreciation of population needs in relation to provision and management of services, and the influence of environmental and social factors on health.

7.2 Master of Public Health Graduation Requirements

Public Health Core Area Requirements

Students working towards an MPH degree must satisfy competency requirements in the six core areas of management, behavioral science, biostatistics, environmental health, epidemiology, and ethics by completing one of the following in each core area:

- Satisfactorily pass one of the pre-approved courses in the core area (see pre-approved course list below); OR
- Pass an equivalency exam in the core area (Equivalency examinations are typically scheduled for August and January. Keep an eye on the SPHere newsletter); OR
- Pass an advanced course in the core area as approved by the respective division head or the Educational Policy Committee, OR
- Complete a graduate level course, with a grade of B or better, at an accredited university or college that meets the competencies defined by CEPH. The Educational Policy Committee, upon petition of the student, will determine acceptance of a course for transfer.

Pre-approved Courses Meeting Public Health Core Area Requirements

Administration

- PubH 6751 Principles of Management in Health Services Organizations – 2 cr.

Behavioral Science

- PubH 6020 Fundamentals of Social and Behavioral Science – 3 cr.

Biostatistics

- PubH 6414 Biostatistical Literacy – 3 cr.
- PubH 6450 Biostatistics I – 4 cr.
- PubH 6451 Biostatistics II – 4 cr.

Environmental Health

- PubH 6101 Environmental Health – 2 cr.
- PubH 6102 Issues in Environmental and Occupational Health – 2 cr.

Epidemiology

- PubH 6320 Fundamentals of Epidemiology – 3 cr.
- PubH 6341 Epidemiologic Methods I – 3 cr.

Ethics

- PubH 6741 Ethics in Public Health: Professional Practice and Policy – 1 cr.
- PubH 6742 Ethics in Public Health: Research and Policy – 1 cr.

Registration Requirement

In order to earn an MPH, students are required to register for at least 2 semesters and 15 credits in the School of Public Health.

Coursework and Credits

Students must complete all required coursework and credits; see *section 7.3*.

Course Numbers and Graduate Credit

5xxx 6xxx, 7xxx and 8xxx-level courses are considered graduate-level. 1xxx and 3xxx-level courses are for undergraduates and will not receive approval for graduate credit. Under some circumstances – with approval of the student's Major Chair – 4xxx courses may also be applied toward a MPH degree as long as a member of the graduate faculty teaches them.

GRADE POINT AVERAGE

Students must achieve a grade point average of no less than 3.0 (B) across their entire program to receive an MPH degree.

S/N GRADE OPTION

MPH students may take no more than 20% of their coursework on an S-N grading basis, exclusive of those topics, seminars, and field experience courses offered only on an S-N basis. Courses designated as part of the public health core CANNOT be taken on an S-N basis.

PUBLIC HEALTH CORE COURSES

All courses designated as part of the public health core must be taken for a letter grade (A-F). Students will be required to achieve no less than a B- grade in each course taken on an A-F basis. Students may retake public health core courses only once (see Repeat and Course Bracket Policy below). However, a retaken course may be counted only once toward degree requirements in the student's study plan.

SEQUENCE OF PUBLIC HEALTH CORE COURSES

We recommend that students take PubH 6450 Biostatistics I prior to or concurrently with PubH 6320 Fundamentals of Epidemiology.

REPEAT AND BRACKET COURSE POLICY

An officially admitted SPH student (MHA, MPH, MS, PhD, and Core Concepts Certificate) may repeat a **public health course** only once.

MPH students have the option to bracket a **particular course (with the same course number) one time**.

Bracketing is a practice where one grade is omitted from GPA calculations, while continuing to appear on the transcript.

- Only courses with the same catalog number may be bracketed.
- A University of Minnesota course may not be bracketed with a course taken at another institution.

How bracketing works: When an SPH student repeats an SPH course, both grades for the course will appear on the official transcript and will be counted towards the GPA calculation. The student is responsible for submitting a written request that a repeated course be "**bracketed**" (only once per course). If a student registers for a course a third or greater number of times (either in violation of this policy or by approved exception), all non-bracketed grades will be factored into GPA calculations. It is important to note that student school loans may not cover the tuition cost of repeating a course.

Exceptions: Exceptions to this policy must be submitted to the student's academic advising team and discussed with the course instructor. *Example:* Requesting to repeat a course (more than two times) is at the discretion of the academic advising team and may be approved due to extraordinary circumstances such as documented illness or hospitalization, death in family, etc..

Students can discuss with their advising team alternative core course options.

Field Experience

All students matriculating in a MPH program must complete a formal, supervised fieldwork experience consisting of at least 90 hours in order to graduate (the PHM program requires 135 hours). Neither prior professional degrees nor prior work experience in a field not closely related to the MPH degree program are sufficient grounds for waiving the fieldwork requirement. Each major has established requirements for completion of fieldwork; see *section 7.7*

MPH Study Plan

Students are required to submit a completed *Master of Public Health (MPH) Study Plan* to their Program Coordinator at least one semester prior to their anticipated completion of coursework. Earlier submission (e.g. in the second to last semester) is suggested to allow the Program Coordinators to review the study plan and notify students if they are missing any requirements prior to their last term of study. The *MPH Study Plan* may be downloaded at <http://www.sph.umn.edu/current/resources/>.

Each student must complete a culminating experience where they are required to synthesize and integrate knowledge acquired in coursework and other MPH CULMINATING EXPERIENCE learning experiences and apply theory and principles in a context that reflects an aspect of professional practice.

The culminating experience must be used as a means by which faculty judge whether the student has mastered the body of knowledge and can demonstrate proficiency in the required competencies through written and oral presentation. The master's culminating experience should involve a combined total of approximately 160 hours of work. Students also have the option to sit for the CPH exam as their MPH Culminating Experience; refer to section 7.8 for information on MPH Culminating Experience options.

Comprehensive Examination

MPH students must complete a written and/or oral examination as specified by the major; see *section 7.11*.

Time Frame

The maximum time allowed by the School of Public Health for completion of an MPH degree is five years. The five-year period begins with the first term of enrollment after admission to a degree program within the School.

Transfer Credits

A student may seek transfer of no more than 14 semester credits of graduate or professional program courses taken at the University of Minnesota or at another college or university. Course credits may be used to satisfy public health core or other program requirements as jointly approved by the Major Chair and the Associate Dean for Learning Systems and Student Affairs. No course credits older than 5 years from the date of the student's matriculation will be accepted for transfer. A grade of "B" or better is required for each course requested for transfer credit.

To be considered for transfer, graduate level coursework must have been taken at an accredited graduate institution. The following process should be followed when requesting that a course substitute for a required core course or transfer of graduate elective credits in your degree program:

1. Gather the course description and syllabus of the proposed substitute or transfer course. The course must have been taken at graduate level and listed as graduate credit on your transcript.
2. Complete the *Petition* form (please ask your Program Coordinator how to obtain this form) with the following information in each section:
 - REQUEST SECTION: describe the course requested for substitution or transfer including the course title, number of credits, term and year taken, and the name of the institution where the course was taken. Also list the course/requirement in your degree program for which you are asking for the substitution.
 - REASON/EXPLANATION SECTION: for substitute course(s), Indicate what skills and/or content overlaps between the required course(s) and the proposed substitute course(s).
3. Compile the above materials and send to the Coordinator. The Director will review the material and indicate approval/non-approval of the request.
4. After the Director has made his/her recommendations, the Coordinator will forward it to the appropriate SPH Committee or faculty, if needed for review. The student will be notified via e-mail of the committee's decision.
5. If the substitute course is to replace a School of Public Health Core course (administration-PubH 6751/6752, behavioral/social science-PubH 6020, biostatistics-PubH 6414/6450, environmental health-PubH 6100/6102, epidemiology-PubH 6320/6330, ethics-PubH 6741/6742), upon receipt of those materials listed above, the Program Coordinator will review the request with the Major Chair and then if approved by the Major Chair, all copies of the request will be forwarded to SPH Educational Policy committee members. The student will be notified via e-mail of the committee's decision. If the Major Chair does not approve of the request, the Program Coordinator will inform the student that the request will not be forwarded to the SPH Educational Policy Committee for review.

COURSE SUBSTITUTIONS AND WAIVERS

All student requests that deviate from the degree curriculum requirements outlined in this Guidebook must be made on a *Petition* form. The *Petition* form may be obtained from your Program Coordinator.

Students should note that the process for approving a course substitution or waiver could take up to one month, so plan accordingly.

Application for Degree

MPH students are required to complete an *Application for Degree* form. There are strict deadline dates before a student can be cleared for graduation. Copies of this form can be obtained from the Current Students Resources website. <http://sph.umn.edu/students/current/resources/>. We strongly encourage students to submit the form in their first semester of matriculation.

7.3 Program Curriculum

The curriculum in Public Health Medicine is divided into two components: a Basic Curriculum and an Elective Curriculum. A minimum of 42 credits is required.

See page 55 for a Sample Schedule

Basic Required Curriculum (31.5 - 33.5 credits)

The Basic Curriculum incorporates the core areas of public health instruction: biostatistics, epidemiology, environmental health, health services administration, ethics, and social/behavioral sciences. It focuses on the knowledge, skills, and attitudes necessary in each of these areas of fundamental competency needed to understand, evaluate, and manage population health in medical care settings. This basic instruction is supplemented by advanced training in the health care services and programs. Key learning objectives of the Basic Curriculum include:

1. Develop a population perspective on health and disease
2. Understand the principles and practices of health promotion and disease prevention
3. Integrate public health skills into the practice of evidence-based clinical medicine
4. Appreciate the social and environmental factors that affect individual and population health
5. Understand health care delivery as a social system
6. Identify the ethical issues in disease prevention and health care delivery

Basic Required Curriculum (32-33 credits)

Course	Notes	Title	Offered	Credits
PubH 6299	£	Public Health is a Team Sport: The Power of Collaboration	May Session	1
PubH 6210		Public Health Medicine Seminar	Spring	1
PubH 6320	Ω	Fundamentals of Epidemiology	All Terms	3
PubH 6450	Ω	Biostatistics I	Fall & Spring	4
PubH 6020	Ω	Fundamentals of Social and Behavioral Science	All Terms	3
PubH 6741	Ω	Ethics in Public Health: Professional Practice and Policy OR	All Terms	1
PubH 6742	Ω	Ethics in Public Health: Research and Policy	All Terms	1
PubH 6751	Ω	Principles of Management in Health Services Organizations	Fall & Spring	2
PubH 6102	Ω	Issues in Environmental and Occupational Health	All Terms	2
PubH 6451		Biostatistics II	Spring	4
PubH 6852	Ω Pts	Program Evaluation in Health and Mental Health Settings	Spring	2
PubH 6724	Ω Pts	The Health Care System and Public Health	Fall & Spring	3
PubH 6862	Pts	Cost-Effectiveness Analysis in Health Care	Spring	3
PubH 7296	Ω	Field Experience: Public Health Practice	All Terms	3+
PubH 7294	Ω*	Master's Project: Public Health Practice	All Terms	3

£ PubH 6299 meets over a weekend during May Session

Ω This course or a pre-approved alternative is offered online as well as in a traditional classroom format.

Ω Minimum of 135 hours in a public health medicine setting; with advisor approval, clinical rotation may be double-counted in the Medical School and School of Public Health.

Ω Students must register for this course while enrolled in the School of Public Health but may complete after returning to medical school if applicable.

Pts choose two of these three courses

Ω School of Public Health core course. These courses (or a pre-approved alternative) are taken by all MPH students

*Students also have the option to sit for the CPH exam instead of completing a MPH Culminating Experience. The Certified in Public Health exam replaces the MPH culminating experience requirement, but not the credits. You will need to complete 3-4 additional elective credits.

Elective Curriculum (9-13 credits)

The Elective Curriculum gives the student the opportunity to investigate specific public health applications. Students are required to choose one course each from four different types of public health functions: public policy evaluation and implementation, primary prevention interventions, epidemiologic analysis of specific health problems, and management of health care organizations. Students are encouraged to arrange their elective curriculum around a theme of interest. Themes represent common public health problems: Maternal & Child Health; International Health; Occupational & Environmental Health; Infectious Disease; Clinical Preventive Practice; Nutrition; Students may choose to design a theme in consultation with the program director/advisor.

Activities chosen in completion of the Basic Curriculum's Field Experience and Master's Project are coordinated with the theme chosen by the student for the Elective Curriculum. Key learning objectives of the Elective Curriculum include:

1. Develop a public health analysis of a common health problem
2. Understand the application of public health tools to a specific health problem.
3. Apply public health skills in a clinical practice setting

Electives (minimum 9-13 credits)

Students choose at least one course in each of the following four areas. Students are encouraged to arrange their elective curriculum around a theme of interest: Maternal & Child Health; International Health; Occupational & Environmental Health; Infectious Disease; Clinical Preventive Practice; Nutrition. Students may choose to design a theme in consultation with the program director/advisor.

Public Health Policy sample courses:

PubH 6055 Social Inequalities in Health (2)
PubH 6078 Public Health Policy As A Prevention Strategy (3)
PubH 6116 Environmental Law (1)

Public Health Intervention sample courses:

PubH 6615 Public Health Interventions for AIDS (3)
PubH 6103 Exposure to Environmental Hazards (2)
PubH 6914 Community Nutrition Intervention (3)

Epidemiology of a Health Problem sample courses:

PubH 6140 Occupational and Environmental Epidemiology (2)
PubH 6387 Cancer Epidemiology (3)
PubH 6389 Nutritional Epidemiology (3)

Public Health Management sample courses:

PubH 6630 Foundations of Maternal & Child Health Leadership (3)
PubH 6724 The Health Care System and Public Health (2)
PubH 6558 Health Care Finance (3)

Potential Elective Public Health Course Choices

This is not a comprehensive list of courses available; please see the class schedule at [HTTP://ONESTOP.UMN.EDU/](http://onestop.umn.edu/) for a full listing of courses. Note: Be sure to consult the department or instructor who offers the course for the most up-to-date information regarding when the course is offered. All electives must be approved by the academic advisor.

INTERDISCIPLINARY CONCENTRATIONS

Interdisciplinary Concentrations are available to all students pursuing an MPH. Typically, the concentration consists of an additional 12 credits, with two required courses and electives. Public Health Medicine students may incorporate their elective credits into a concentration area with approval from their academic adviser. Please see <http://sph.umn.edu/programs/ic/> for more details.

Current Interdisciplinary Concentrations are:

- Global Health (GHIC)
- Public Health Policy (PHPIC)
- Health Disparities

SAMPLE SCHEDULE

SUMMER (*end of May and mid-June through mid-May*)

May Session, 1 credit

PubH 6299 Public Health as a Team Sport: the Power of Collaboration (1) (*Takes place over a weekend during the May Session; requires pre-assignments. To be completed at the beginning OR end of the curriculum sequence*)

Regular Summer Term, 10 credits (*all courses online*)

PubH 6102 Issues in Environmental and Occupational Health (2)

PubH 6020 Fundamentals of Social and Behavioral Science (3)

PubH 6320 Fundamentals of Epidemiology (3)

PubH 6751 Management in Health Organizations (2)

FALL (*beginning of September through mid-December*)

PubH 6450 Biostatistics I (4) (available online)

PubH 6741 Ethics in Public Health: Professional Practice & Policy (1) (available online)

Electives according to chosen theme of interest

SPRING (*mid-January through mid-May*)

PubH 6450 Biostatistics II (4) (available online)

PubH 6210 Seminar: Public Health Medicine (1) (available in-person ONLY)

PubH 6852 Program Evaluation in Health and Mental Health Settings (2) (available online)

PubH 6724 The Health Care System and Public Health (3) (available online)

Electives according to chosen theme of interest

ANY TERM

Students must register for the following while enrolled in School of Public Health. These credits may be completed during your time at the SPH or after returning to medical school.

PubH 7294 Master's Project (3) *

*Students also have the option to sit for the CPH exam instead of completing a Master's Project. The Certified in Public Health exam replaces the project requirement, but not the credits. If you take the exam, you will need to complete 3-4 additional elective credits instead of registering for PubH 7294.

7.4 Required Course Descriptions

PubH 6020 Fundamentals of Social and Behavioral Science [CORE COURSE]

Four major approaches to public health problems: psychosocial, economic, community, policy. Lectures provide overview of theory/implementation. Small groups provide opportunity to practice skills.

PubH 6102 Issues in Environmental and Occupational Health [CORE COURSE]

The field, current issues, and principles and methods of environmental and occupational health practice. (Students may take PubH 6101 in place of this course.)

PubH 6210 Public Health Medicine Seminar

Links between medical practice and public health practice. Emphasis is placed on exploring interdisciplinary public health interventions. Two relatively common medical problems will serve to focus the on-going discussion about the intersection of medicine and public health.

PubH 6299 Public Health is a Team Sport: The Power of Collaboration

Designed to demonstrate how innovative public health strategies can impact the health of populations utilizing interdisciplinary approaches to change

PubH 6320 Fundamentals of Epidemiology [CORE COURSE]

Basic concepts and knowledge of epidemiology, a methodology used to study the etiology, distribution, and control of diseases in human populations.

PubH 6450 Biostatistics I [CORE COURSE]

Descriptive statistics. Gaussian probability models, point/interval estimation for means/proportions. Hypothesis testing, including t, chi-square, and nonparametric tests. Simple regression/correlation. ANOVA. Health science applications using output from statistical packages.

PubH 6451 Biostatistics II

Two-way ANOVA, interactions, repeated measures, general linear models. Logistic regression for cohort and case-control studies. Loglinear models, contingency tables, Poisson regression, survival data, Kaplan-Meier methods, proportional hazards models.

PubH 6724 The Health Care System and Public Health

Overview of health care delivery and finance systems within public health context. Components of health care system: financing, role of employers/public programs, health care delivery system, managed care. Collaborative interventions between managed care and public health.

PubH 6741 Ethics in Public Health: Professional Practice and Policy [CORE COURSE]

Introduction to ethical issues in public health practice/policy. Ethical analysis. Recognizing/analyzing moral issues.

PubH 6751 Principles of Management in Health Services Organizations [CORE COURSE]

Managing projects and organizations in public health. Focuses on the skills and knowledge necessary to determine the mission of the organization and plan for the future, structure the organization to support individuals in their work, and motivate and manage activities to achieve their goals.

PubH 6852 Program Evaluation in Health and Mental Health Settings

Overview of evaluation, models of evaluation, objectives of an evaluative study, sampling of subjects, methods of data collection, methodological designs, interpretation of data, preparation of final report, and ethical and political considerations.

PubH 6862 Cost-Effectiveness Analysis in Health Care

Government regulations. New technologies. Diagnosis/treatment protocols. Strengths, limitations, appropriateness of different approaches.

PubH 7294 Master's Project: Public Health Practice

Directed field research, original or secondary analysis of data sets related to public health practice. Students also have the option to sit for the CPH exam instead of completing a MPH Culminating Experience. The Certified in Public Health exam replaces the MPH culminating experience requirement, but not the credits. You will need to complete 3-4 additional elective credits.

PubH 7296 Field Experience: Public Health Practice

Directed field experience/clinical rotation/practicum in selected community or public health agencies and institutions with opportunity for integration of knowledge and skills in population science for public health practice.

7.5 Curriculum Alternatives

Alternatives must be cleared in writing with the PHP Program Coordinator. These courses are NOT available online except as noted.

Core Area	Course	Title	Credits
Biostatistics	PubH 6414	Biostatistical Literacy (online fall, spring & summer terms)	3
Environmental Health	PubH 6101	Environmental Health	2
Epidemiology	PubH 6341	Epidemiologic Methods I	3
<i>Ethics</i>	PubH 6742	Ethics in Public Health: Research and Policy (online summer, spring, and fall)	1

7.6 Curriculum Competencies

Public Health Practice MPH Competency Statement

The Public Health Practice Major brings together the science and art of public health. In addition to obtaining a broad background in core competencies public health practice students design a focus area based on their academic goals in population health. The Focus Area Curriculum gives the student the opportunity to investigate specific public health applications and gain a broad public health background. It offers a flexible curriculum that students can tailor to fit their career and practice goals. Students are required to choose across four Goals incorporating public health practice domains as established by the Council on Linkages found at <http://trainingfinder.org/competencies/>:

1. Public policy development using a systems framework;
2. Interventions based on the dimensions of community and culture;
3. Assessment and application of basic public health sciences; and
4. Program management and communications principles.

Sub-competencies: Executive and Dual Degree Programs in Public Health Practice

The Executive and Dual Degree Programs in Public Health Practice are designed for working health and human service professionals with a completed advance degree, or applicants with a Public Health Core Concept Certificate, or a student in a Dental, Law, Medicine, MPP or MURP, PharmD and Veterinary program. The MPH focuses on public health knowledge, skills and attitudes necessary to understand, assess, evaluate and manage population health in public health, health care, and human service settings. Coursework blends knowledge and skills drawn from the core public health competencies plus areas of public health focus based on career goals. The combination of core and focused competencies provides students the tools to improve public health decision-making and public health practice.

MPH — Public Health Practice (Executive and Dual Degrees Programs)	LEARNING EXPERIENCES												
	PUBH 6020 Fundamentals of Social and Behavioral Science	PUBH 6102 Issues in Environmental and Occupational Health	PUBH 6299 Public Health Is a Team Sport: The Power of Collaboration	PUBH 6320 Fundamentals of Epidemiology	PUBH 6414 Biostatistical Methods I	PUBH 6741 Ethics in Public Health: Professional Practice and Policy	PUBH 6751 Principles of Management in Health Services Organizations	PUBH 7294 Master's Project: Public Health Practice	PUBH 7296 Field Experience: Public Health Practice	Domain: Public Health Policy & Systems Development (Policy Development/Program Planning Skills – Leadership & Systems Thinking Skills)	Domain: Community Intervention (Cultural Competency Skills, Diversity & Cultural)	Domain: Assessment & Basic Sciences (Analytic/Assessment Skills – Basic Public Health Science Skills, Public Health Biology)	Domain: Program Management and Communication (Financial Planning, Management Communications Skills – Informatics, Leadership, Professionalism)
Apply a population perspective for health promotion and disease/injury prevention.			X							X		X	
Describe the principles and practices of health promotion and disease/injury prevention and protection of human populations from environmental hazards		X	X	X			X				X		
Integrate public health principles into the practice of health and human services			X	X	X						X	X	
Address the social, cultural and environmental factors that affect community health	X	X								X		X	
Describe public health as a social system	X									X	X		X
Identify the ethical issues in disease/injury prevention and health systems policy					X	X				X			
Analyze a current public health issue or program			X	X				X		X		X	
Apply public health tools to the evaluation and control of a specific health issue								X	X	X	X	X	X
Apply collaborative leadership skills in a community practice setting			X						X		X		X
Advocate community action for health improvement									X		X		X

7.7 Field Experience

Introduction

Part of the curriculum for the master's degree includes an opportunity for students to learn first-hand about the organization, operations, and special activities of selected agencies, institutions, and industries concerned with public health practice.

The PHP field experience provides students with a means of gaining additional insight into programs, personnel management, governmental relations, public relations, legislative support and, particularly, knowledge of special investigations conducted by these organizations. Participation in the activities of public health practice programs external to the University adds a dimension of experience to the curriculum that enriches the student's training and may be beneficial in seeking employment.

As part of fulfilling the MPH degree requirements, you must participate in a field placement experience. Please be aware that certain facilities are required by Minnesota law to submit paperwork for a criminal background check for all personnel with direct, unsupervised client contact. If you are placed in such a facility, you may be asked by the institution to submit paperwork, or the institution may require that you have this check facilitated by the School of Public Health. The School is prepared to assist you. Facilities that are covered by this law are hospitals, boarding care homes, outpatient surgical centers, nursing homes, home-care agencies, residential care homes, and board/lodging establishments providing health supervision services. Client contact must be direct and unsupervised (outside the hearing or vision of a supervisor at the facility). In the event this situation arises, please call The School of Public Health Office of Admissions and Student Resources at 612.626.3500 or come to A395 Mayo, University of Minnesota TC campus for assistance. If you are outside the metro area, please feel free to call 800.774.8636.

Much more information can be found at <http://www.sph.umn.edu/current/fe/index.asp>.

Requirements

1. All PHP major students are required to complete a field experience as part of their degree program.
2. Students, in consultation with their academic adviser, should select the particular organization with which they wish to work. Selection of the organization, contact with it and designation of a preceptor in the organization may be arranged any time during the academic year.
3. Students register for a minimum of 3 semester credits for PUBH 7296. These credits may be taken during one semester, or divided among several semesters. As a guideline, a total minimum effort of 135 hours is expected.
4. A student registered for PubH 7296 must complete the online *Field Experience Learning Agreement* form at <http://www.ahc.umn.edu/sphfieldexp/>. This form will be signed by the person the student will work with at the agency (preceptor), the academic adviser, and the student before filing it is placed in the student's academic file. File as soon as arrangements are completed for the agency assignment. The form is intended to avoid misunderstandings concerning expectations on the part of people involved.
5. Students and preceptors must submit an online *Field Experience Evaluation* (<http://www.ahc.umn.edu/sphfieldexp/index.cfm>) at the conclusion of the Field Experience. Both parties should receive an e-mail automatically following the last day of the Experience as entered in the Contract.
6. Some students may find certain aspects of the agency activity of sufficient interest to do a "Plan C" culminating experience while assigned to the agency. This requires study that is more extensive, an appropriate literature review, and an expansion of the subject beyond the field experience. The ultimate feasibility of such arrangements should be decided jointly by the student, the academic adviser, and the preceptor.

Overall Goals

Provide students with an opportunity to apply public health concepts to practice in a specific program, agency, or industry.

Student Objectives

Development of your specific objectives should include consideration of:

1. The availability of a high quality learning experience in public health practice;

2. Your professional goals and interests;
3. Selected theories and concepts applicable to a role in the practice of public health;
4. The potential for practice in a leadership role(s); and
5. Your potential contribution(s) to the setting in which your field experience is based.

REGISTRATION

Inform your Program Coordinator, Katy Korchik (php@umn.edu), before the term during which you wish to register for the Field Experience credits. Please include your UMN student id number and she will provide you with the registration information.

Credits and Grading

The number of credits is arranged between students and their adviser. The grading for the field experience is S/N. Grades for **PubH 7296** are submitted when the academic adviser has accepted the evaluation on the field experience. A minimum of at least 3 credits is required for graduation. Students must register for this course during their residence at the School of Public Health.

7.8 Culminating Experience

Requirements

Each student must complete a culminating experience where they are required to synthesize and integrate knowledge acquired in coursework and other learning experiences and apply theory and principles in a context that reflects an aspect of professional practice. The culminating experience must be used as a means by which faculty judge whether the student has mastered the body of knowledge and can demonstrate proficiency in the required competencies through written and oral presentation

Students are expected to demonstrate familiarity with the tools of applied research or scholarship in public health practice, the ability to work independently, and the ability to apply skills learned in coursework by completing a Research Paper, Systematic Literature Review, or the Certified in Public Health exam (CPH).

The MPH culminating experience will involve three faculty members: the primary academic advisor (who in some cases will also be the culminating experience advisor), the culminating experience advisor (if this is not the primary academic advisor), and one or two readers who will be present at the oral exam and may give feedback on the culminating experience before the exam. The MPH culminating experience is worth three credits and should involve a combined total of 120 hours of work (the equivalent of three full-time weeks of work). Note: compared to a traditional Master's Thesis which requires 240 hours of work. The MPH culminating experience paper will typically be about 40 pages in length and will cite 15 – 20 references.

The student, his/her academic advisor, and the MPH culminating experience advisor (if different from the academic advisor) decide how the MPH culminating experience is to be met. The student is responsible for consulting with and acquiring approval from the academic advisor to confirm that the MPH culminating experience meets the requirements of their program of study (use the *MPH culminating experience form* found in *Appendix A*). The topic and form of the MPH culminating experience depend upon the student's experience and the interests of both the student and the faculty. For example, if the student lacks experience in writing scholarly papers the student may profit from writing a Systematic Literature Review that involves a critical synthesis and interpretation of the literature on a public health topic using validated methodologies. However, those students with demonstrated writing skills and an interest in research might profit from working on a Research Paper involving collaboration with School of Public Health faculty on a data based project (which may use primary or secondary data).

REGISTRATION

Inform your Program Coordinator, Katy Korchik (php@umn.edu), before the term during which you wish to register for the Master's Project credits. Please include your UMN student id number and she will provide you with the registration information.

Credits and Grading

The grading for the Master's Project is S/N. The grade for **PubH 7294** is submitted after the project is defended and submitted. A total of at least 3 credits is required for graduation. Students must register for this course during their residence at the School of Public Health.

Approval Process

In order to maximize the benefit from the academic adviser's input, students must have their topic approved by their academic adviser. Approval must be received in writing before work can begin on the project proposal. After receiving the academic adviser's approval on the topic, the student should begin to develop the project proposal. The proposal sets up a guiding framework for the project and establishes a timeline for completion that is mutually satisfactory to the student and his/her adviser. The project proposal should include the following:

- Statement of purpose or the idea for the project
- Indication of culminating product: Plan B Research Paper or Plan B Systematic Literature Review
- Statement of key research questions to be addressed and rationale
- List of associated objectives for the project
- Brief description of the project's methodology
- Proposed timeline
- Project budget (if applicable)

The Project Proposal must be approved by the Academic Adviser and, where appropriate, the Preceptor before beginning the project itself. For projects involving collection of information from people, approval must be obtained from the Committee on the Use of Human Subjects in Research; see *section 7.11* for more information.

Completion of the Master's Project

Students must keep in touch with their academic adviser during the course of the Master's Project. Each Adviser should specify how he/she prefers to work with the student. Students should know that faculty may decline working with a student's project that is out of their area of expertise or if the student's timeline does not work out for the faculty member. Therefore, students are encouraged to seek information and ideas from other faculty members as well. A draft or drafts of the project should be submitted to the academic adviser for review and comments. These should be incorporated into the final draft of the project, and resubmitted to the adviser and reader. A student desiring publication of the Master's Project should discuss this with the adviser. Master's Projects written in publication format meet the program requirements with prior academic adviser approval. Once the academic adviser has approved a final version of the project, the final draft should be typed and submitted for acceptance. Also, submit a final copy to the Public Health Practice office.

Master's Project Options

Option One: Research Paper

The Plan B Research Paper will focus on pertinent questions or issues in public health practice. This Master's Project option provides students with an opportunity to apply research skills to pertinent issues and questions under faculty supervision.

The component parts of a Plan B Research Paper are as follows:

- I. Abstract
- II. Introduction
 - A. Statement of the problem and its significance (historical background)
 - B. Review and synthesis of relevant literature (extent of written review dependent on nature of project)
 - C. Statement of conceptual framework, hypotheses and/or focused research questions, and the underlying rationale for each
 - D. Purpose of the study
- III. Methodology
 - A. Study design
 - B. Sample selection and description of sample characteristics - including nature of response and non-response, as appropriate
 - C. Description of data/information collection procedures, study site and instrumentation, as appropriate
 - D. Analytic technique used - quantitative, qualitative, as appropriate
- IV. Results (only the facts) - presentation and analysis of data/information

- V. Discussion
 - A. Study limitations
 - B. Biases
 - C. Consistency with prior research
- VI. References (APA reference style or appropriate alternative)
- VII. Tables
- VIII. Figures
- IX. Appendices
 - A. Data collection instruments and letters
 - B. Institutional Review Board permission (as appropriate)

A Master's Project resulting in a Plan C Research Paper may, but need not necessarily involve the collection of primary data by the student. A Master's Project can be completed through secondary analysis of data as well. Projects may be undertaken in conjunction with ongoing faculty research, a student's class, or be carried out in conjunction with a fieldwork experience. Doing research at the experience site can create the opportunity for the student to systematically investigate issues or problems that are of direct relevance to his/her fieldwork organization. Such research in an "applied" mode will then provide an opportunity for the student to wrestle with the issues of knowledge and research utilization in practice or program development. However, this option must be discussed and approved by the Academic Adviser and Preceptor early in the practicum experience and before beginning the Master's Project itself.

Option Two: Systematic Literature Review

The Plan C Systematic Literature Review will focus on pertinent questions or issues in public health practice. This Master's Project option provides students with an opportunity to apply analytical skills in the synthesis and interpretation of the literature under faculty supervision.

The component parts of a Plan B Systematic Literature Review are as follows:

- I. Abstract
- II. Introduction
 - A. Statement of the problem and its significance (historical background)
 - B. Statement of focused research questions and the underlying rationale for each
- III. Conceptual framework
- IV. Methodology (how is the search of the literature being conducted)
 - A. Locating and selecting studies
 - 1) Search methodology
 - 2) Selection criteria
 - B. Quality assessment of studies
 - 1) Evaluation of study designs
 - 2) Evaluation of study data
 - 3) Evaluation of study results
 - C. Data extraction from the studies
 - 1) Outcomes evaluated
 - 2) Data extraction protocol
 - 3) Data extraction method
 - D. Data synthesis from studies - analytic techniques (quantitative, qualitative)
- V. Results
 - A. Studies selected
 - B. Quality of studies
 - C. Findings of studies
 - D. Synthesis of findings

- E. Assessment of biases
 - F. Limitations
- VI. Conclusions and recommendations - significance to the field of public health
- VII. References (APA reference style or appropriate alternative)

A Master's Project resulting in a Plan C Systematic Literature Review can be undertaken in conjunction with a faculty research project, student's class, or be carried out in conjunction with a fieldwork experience. Doing synthesis and analysis of the literature at the placement site can create the opportunity for the student to investigate issues or problems that are of direct relevance to his/her fieldwork organization. Such review in an "applied" mode will then provide an opportunity for the student to wrestle with the issues of knowledge and information utilization in practice or program development. However, this option must be discussed and approved by the Academic Adviser and Preceptor early in the practicum experience and before beginning the Master's Project itself.

Option Three: Certified in Public Health Exam

Passing the Certified in Public Health exam may replace the MPH project. Students of CEPH-accredited schools and programs are eligible to sit for the CPH exam so long as they have completed or are concurrently enrolled in the graduate-level core content required for their graduate degree (biostatistics, epidemiology, health services/policy management, environmental health, social behavioral sciences). Candidates who pass the exam under this eligibility criteria will be provisionally certified until graduation. Following confirmation of their graduation, they will be Certified in Public Health. You may repeat the test if a passing score is not obtained or complete a MPH project.

Certification as a Public Health Professional demonstrates your command of a standard of knowledge and skills in public health; encourages life-long learning; adds credibility to public health profession; increases public health awareness, fosters an environment of professional community and puts you ahead of the curve as a public health professional. To maintain the Certified in Public Health (CPH) status, CPH professionals are required to obtain and document 50 hours of continuing education every two years.

The Certified in Public Health exam is offered in both February and October. You must register ahead of time and early registration results in lower exam fees. Please plan ahead. For complete information go to: <http://www.nbphe.org/>. The web site includes registration information and study aids.

The Certified in Public Health exam replaces the MPH project requirement, but not the credits. You may take up to four additional elective credits or expand your field experience or a combination of both.

7.9 Advising Expectations

Faculty Guide to Mission, Definitions and Expectations of Advising

MISSION STATEMENT

The School of Public Health strives to provide advising that promotes collaboration among students, staff and faculty to enhance students' academic and professional development in the field of public health. The School's goal is educational and experiential excellence that prepares students for successful careers improving the health of populations.

DEFINING ADVISING

The School of Public Health is committed to creating and sustaining high quality advising in the following four areas:

5. **Administrative Advising:** advising on course planning and scheduling, policies, procedures and benchmarks of the degree program/major, SPH, and the University.
6. **Academic Advising:** general guidance on topics related to program/major including, but not limited to program focus (may include identifying appropriate course work options), project selection and career planning.
7. **Field Experience/Internship/Practicum Advising:** specific and targeted advising for field experience /internship/practicum development, placement and completion.
8. **Masters Project/Thesis/Plan A&B/Dissertation Advising:** specific and targeted direction on a master's project or a PhD dissertation including, but not limited to development, completion and in some cases publication.

ADVISING EXPECTATIONS FOR FACULTY

Faculty advisors are expected to...

- Refer advisee to the Program Coordinator for course planning/scheduling, policy and procedural information
- Review program objectives and educational documents at least on an annual basis, (i.e. Student Guidebook, etc.), or when directed by Program Coordinator or major chair/DGS
- Actively contribute to a welcoming and supportive SPH climate
- Initiate meetings with advisee at least once per semester; regularly communicate with students on program progress
- Respond to student inquiries in a timely manner (ideally within 5 – 7 business days)
- Provide reasonable office hours and/or appointments and be generally available to student inquiries; communicate with students about extended absences or travel
- Serve as a model and example of respectful behavior
- Provide referrals to school and university resources when appropriate (e.g. Student Mental Health Services)

Student Guide to Mission, Definitions and Expectations of Advising

MISSION STATEMENT

The School of Public Health strives to provide advising that promotes collaboration among students, staff and faculty to enhance students' academic and professional development in the field of public health. The School's goal is educational and experiential excellence that prepares students for successful careers improving the health of populations.

DEFINING ADVISING

The School of Public Health is committed to creating and sustaining high quality advising in the following four areas:

1) Administrative Advising: advising on course planning and scheduling, policies, procedures and benchmarks of the degree program/major, SPH, and the University.

2) Academic Advising: general guidance on topics related to program/major including, but not limited to program focus (may include identifying appropriate course work options), project selection and career planning.

3) Field Experience/Internship/Practicum Advising: specific and targeted advising for field experience/internship/practicum development, placement and completion.

4) Masters Project/Thesis/Plan A&B/Dissertation Advising: specific and targeted direction on a master's project or a PhD dissertation including, but not limited to development, completion and in some cases publication.

ADVISING EXPECTATIONS FOR STUDENTS

SPH students are expected to...

- Regularly read and respond to University email (ideally once per day); email is the official mode of communication at the University of Minnesota
- Review program objectives and educational documents at least once per semester, (i.e. Student Guidebook, etc.), or when directed by Program Coordinator or major chair/DGS; students are responsible for knowing the requirements of the degree program
- Actively contribute to a welcoming and supportive SPH climate
- Initiate meetings with advisor(s) at least once per semester; regularly communicate with faculty advisor(s) and/or Program Coordinator about program progress
- Respond to inquiries from faculty or staff in a timely manner (ideally within 5 – 7 business days)
- Behave in a professional and courteous manner; fulfill educational and advising commitments, such as appointments, project deadlines, etc.

7.10 Human Subjects Protections

All students at the University of Minnesota who conduct any research using human subjects are required to submit their research proposal to the University of Minnesota Institutional Review Board (IRB) for approval prior to conducting their study. The approval process can take up to two months. This time must be accounted for when developing the proposal timeline. No contacts with potential or actual study participants, including recruitment, or other research may occur until final IRB approval. After the outline has been approved, each student should allow a minimum of six months to complete all the tasks involved in preparing the IRB application and getting approval, conducting the project and preparing the final draft.

Please see www://irb.umn.edu or email irb@umn.edu or call 612.626.5654. The IRB office is located in D528 Mayo.

7.11 Final Oral Examination

All master's degree candidates are expected to pass a final comprehensive oral examination, taken after submission of the Plan C project.

A committee will examine the student on the content of the Plan B project as well as questions on general areas of public health. The examining committee will consist of the academic adviser, a second focus specialist from the practice community (optional), a School of Public Health faculty member who also serves as reader of the Master's Project and the PHP major chair or designate. Final approval rests with the Dean of the School of Public Health.

The student is expected to present a professional seminar on their Plan C project (20-30 minutes) as part of the final comprehensive oral examination followed by questions. This seminar will be open to guests. A closed meeting between the candidate and the examining committee immediately follows the seminar. This closed meeting may include further questions on the Plan C project, as well as questions on general public health areas. Upon completion of the examination, the candidate is then excused and a formal vote of the committee is taken on whether the candidate passed the examination. In order to pass the examination, the candidate must receive at least three positive votes. After successful completion of the exam, committee members will sign the student study plan. The signed MPH study plan is forwarded to the PHP Program Coordinator.

7.12 Graduate Survey

Students must submit the *Career Survey* at <https://secure.ahc.umn.edu/PublicHealth/careersurvey>. Upon submitting the electronic survey, the student's Program Coordinator will be notified by email.

All graduates will receive a three-month and six-month e-mail message asking them to update survey information (e.g., employment). This is through secure access and coordinators will not be able to input on students' behalf.

7.13 Graduation Checklist

- Turn in your *Study Plan* if you have not already done so. This form is due the semester before you plan to graduate but if you missed this deadline you must turn in this form immediately. This form is available at <http://www.sph.umn.edu/current/assets/mphstudyplan.pdf>
- Turn in the *Application for Degree Form* by the first University business day of the month you plan to graduate. The U of M needs this form to be able to state your degree on your transcript. This form is available at <http://policy.umn.edu/Forms/otr/otr177.pdf>
- Check your transcript to make sure your field experience grade has been submitted. A grade of “K” is not a final grade so if you see this grade you should contact your Program Coordinator to find out why your final grade has not been submitted
- Schedule your MPH presentation. You are responsible for scheduling your presentation with the committee members. Contact the PHP Program Coordinator to confirm the availability of the PHP conference room and to arrange any audio-visual equipment needed for the presentation. Students and committee members outside of the Twin Cities area may present long-distance via UMConnect and conference phone.
- Provide each committee member with a copy of your master’s project paper at least two weeks before the scheduled date of your oral exam.
- After your oral defense, you should check your transcript again to make sure your project advisor has submitted your final grade. A grade of “K” is not a final grade so if you see this grade you should contact your Major Coordinator.
- Complete the *Career Survey* at <https://secure.ahc.umn.edu/PublicHealth/careersurvey>
- Provide your Program Coordinator with an unbound copy of your final project either by e-mail or by submitting a printed copy.

7.15 Staff

Public Health Practice Major Staff

Major Chair

Craig Hedberg 612.626.4757 hedbe005@umn.edu

Director, Public Health Medicine Program

William Lohman 612.626.0605 lohma003@umn.edu

Program Coordinators

Katy Korchik, Kate Hanson 612.626.5665 php@umn.edu
